Subject: Testimony for today's House Elections & Ethics Standing Committee

Oppose HB 5268: It is cheaper for us to run an AV Counting Board than it is to run a regular polling location. Rather than prohibit your elections officials who are sworn to uphold the Michigan and U.S. Constitutions, **instead, why not tell every other entity that it's illegal for them to hand out and mail out AV applications?**

Oppose HB 5335: It is not needed. The current law is effective and efficient related to challengers.

Best regards,

K.P.
