March 2002

TO: Members of the House of Representatives

I am pleased to provide you with House Fiscal Agency's FY 2001-02 **Directory of State-Administered Grants**, which describes and categorizes grants-in-aid available through state departments. It also includes a list of acronyms used in the publication and an index by department. This **Directory** was prepared in response to legislative interest in and requests for information on state-administered grants.

In general, grants-in-aid are sums of money from federal, state, local, or private sources which are usually authorized by federal and/or state statutes for specific purposes and disbursed to qualifying units of local government, non-profit organizations, private organizations, educational institutions, or individuals. Before the grant funds may be distributed, however, they must be authorized by legislative appropriation.

The House Fiscal Agency is grateful for the cooperation and assistance rendered by staff of the departments who provided the information used to prepare this directory, and to HFA fiscal analysts who reviewed and verified the reported information. The grants project was coordinated and prepared for publication by Jeanne Dee, Administrative Assistant.
