MEMORANDUM

DATE: July 23, 2013

To: All Interested Parties

FROM: Ben Gielczyk, Senior Fiscal Analyst, and Jim Stansell, Senior Economist

RE: Economic Vitality Incentive Program

This memo provides information on constitutional and statutory revenue sharing and the development and enactment of the Economic Vitality Incentive Program (EVIP) for cities, villages, and townships (CVTs) in the FY 2011-12, FY 2012-13, and FY 2013-14 budgets. Updated final FY 2011-12 EVIP payments and eligible EVIP payments for FY 2012-13 and 2013-14 by local unit are included at the close of this memo.

Revenue Sharing Background

Historically, CVTs have received revenue sharing payments through constitutionally required revenue sharing payments and legislatively appropriated statutory revenue sharing payments. Constitutional revenue sharing payments are fixed at 15.0% of gross collections of the state sales tax collected at a 4.0% rate and are distributed to CVTs on a per capita basis. Fully-funded statutory revenue sharing payments (including payments to counties) are defined as 21.3% of gross collections of the state sales tax collected at a 4.0% rate. Full funding for just CVTs would be approximately 15.96% of gross collections of the state sales tax collected at a 4.0% rate.

While constitutional revenue sharing payments are protected under Article IX, Section 10 of the Michigan Constitution, statutory revenue sharing is subject to annual appropriation. Over the last decade, statutory revenue sharing has regularly been appropriated at less than full funding as part of efforts to balance the state budget (See Attachment 1). Amounts not appropriated are available for appropriation from GF/GP funds.

Through FY 2002-03, statutory revenue sharing distributions were determined by the statutory formula developed in PA 532 of 1998.² While statutory revenue sharing was initially distributed on a formula basis in FY 2002-03, in December of that fiscal year Executive Order 2002-22 reduced revenue sharing by \$53.1 million. Rather than calculate each CVT's share of the reduced statutory revenue sharing amount by running it through the formula, the legislature chose to reduce each CVT's total revenue sharing payment by an equal percentage of 3.5%.

Since FY 2002-03, the formulas developed in PA 532 of 1998 for determining statutory revenue sharing have been abandoned and the act was amended annually to set the combined revenue sharing payments (constitutional and statutory) to each CVT as a percentage of the previous fiscal year's combined payment for that CVT. Since constitutional revenue sharing payments cannot be altered, any changes in annual appropriations for combined revenue sharing have been made in statutory revenue sharing payments.

¹ MCL 141.913

² The statutory formula can be found in PA 140 of 1971. There is also a summary of the formula on the Michigan Department of Treasury website at http://www.michigan.gov/treasury/0,4679,7-121-1751_2197-5658---,00.html. Statutory formulas enacted under PA 532 of 1998 sunset on September 30, 2007.

Prior to the enactment of EVIP, statutory revenue sharing payments had been reduced on a regular basis in an effort to balance the state budget. As a result, statutory revenue sharing payments had been steadily declining as a percentage of overall revenue sharing payments (See Attachment 1). Correspondingly, the number of local units receiving statutory revenue sharing declined, with a growing number of units receiving only constitutional payments. The number of CVTs that received a statutory revenue sharing payment dropped from 1,775 in FY 1997-98 to 740 in FY 2010-11.³

Economic Vitality Incentive Program

FY 2011-12 legislative budget negotiations led to the elimination of statutory revenue sharing and the creation of an Economic Vitality Incentive Program (EVIP) in order to restructure the distribution method of unrestricted payments to CVTs. The framework of the program was originally proposed in the Governor's Special Message on Community Development and Local Government Reforms. The stated goal of the program is to reward "best practices" by providing "the incentives and flexibility to engage in serious cost control measures." The EVIP was revised and continued in the FY 2012-13 and FY 2013-14 budget. Details of the EVIP and the Competitive Grant Assistance Program (CGAP), a component of the EVIP, are explained below.

Funding Levels

FY 2011-12

Legislative budget negotiations resulted in the adoption of a \$200.0 million line item appropriation for the EVIP in FY 2011-12. In addition to the line-item appropriation, the FY 2011-12 budget included \$15.0 million in one-time restricted (sales tax) revenue to supplement the line-item appropriation. This appropriation was included in boilerplate (Section 1201) in the General Government article (Article VIII) of PA 63 of 2011.

Under the FY 2010-11 budget, statutory revenue sharing had totaled \$321.4 million.⁵ If combined revenue sharing payments to CVTs were maintained at 100.0% of FY 2010-11 payments, the estimated FY 2011-12 statutory revenue sharing appropriation would have been \$311.0 million. Total funding for the EVIP in FY 2011-12 represented a 37.8% reduction from the FY 2010-11 statutory revenue sharing appropriation and a 30.9% reduction from the estimated FY 2011-12 statutory revenue sharing payment.

Of the \$215.0 million appropriated for the EVIP, \$210.0 million was made available for incentive payments to CVTs. The remaining \$5.0 million was placed into a CGAP to assist CVTs and counties with the costs associated with service consolidation and cooperation, mergers, and interlocal agreements. The FY 2011-12 CGAP was supplemented with \$10.0 million (sales tax revenue) in PA 236 of 2012 to increase total funding to \$15.0 million. The CGAP is discussed in more detail at the end of this memo.

³ In FY 2010-11 the number of CVTs receiving a statutory revenue sharing payment increased from 577 to 740 due to the required mid-year Census changes.

⁴ See the Governor's Special Message on Community Development and Local Government Reforms at http://www.michigan.gov/documents/snyder/2011Special_Message-1_348148_7.pdf.

⁵ FY 2010-11 statutory revenue sharing was supplemented to account for sales tax revenue estimates from the May 2011 Consensus Revenue Estimating Conference and the gains and losses in population due to the 2011 federal decennial census. See PA 83 of 2011.

⁶ Compared to the Governor's original proposal, PA 63 of 2011 broadened the acceptable uses of the \$5.0 million in grant money available for local governments.

FY 2012-13

FY 2012-13 budget negotiations resulted in the adoption of a \$217.5 million (sales tax revenue) ongoing line item appropriation for the EVIP. In addition to the ongoing line item appropriation, \$7.5 million (sales tax revenue) was included in the "One-Time Basis Only" section of the budget act. Therefore, a total of \$225.0 million was allocated to the EVIP for cities, villages, and townships; an increase of \$15.0 million (7.1%) over FY 2011-12 EVIP appropriations.

The enacted FY 2012-13 General Government budget, PA 200 of 2012, included a separate line item appropriation for the CGAP. This differs from the FY 2011-12 budget, under which funding for the program was built into the EVIP line item and one-time boilerplate appropriation. The appropriation for FY 2012-13 totals \$15.0 million (\$10.0 million designated as one-time) which equals the supplemented year-to-date CGAP appropriation for FY 2011-12.

Boilerplate language was included stipulating that any unexpended funds appropriated in FY 2012-13 for the EVIP, County Incentive Program (CIP), or CGAP are designated as work project appropriations to be used for the purposes outlined in the CGAP (Article VIII, Section 951(2) of PA 200 of 2012).⁷

FY 2013-14

FY 2013-14 budget negotiations resulted in the appropriation of \$235.8 million (sales tax revenue) in PA 59 of 2013, \$9.5 million of which is considered "One-Time Basis Only Appropriation." This represents a 4.8% increase over FY 2012-13 EVIP appropriations.

Appropriations for the FY 2013-14 CGAP are \$15.0 million, which maintains the FY 2012-13 CGAP funding level. Additionally, the boilerplate language included in FY 2012-13 stipulating that any unexpended funds from the EVIP, CIP, or CGAP are designated as work project and shall be used for purposes outlined under CGAP is maintained.

Structure of the EVIP

The EVIP was initially created in boilerplate in the FY 2011-12 General Government budget.⁸ The EVIP was subsequently amended on two occasions in supplemental appropriations acts, which are explained in more detail below. Because the EVIP is created and maintained in the boilerplate language of an annual appropriations act, it must be renewed in subsequent budget bills, or incorporated into a permanent statute, to continue in future fiscal years.

For FYs 2012-13 and 2013-14, the legislature retained the EVIP in boilerplate of the General Government budget. Various changes, both structural and substantive, were incorporated to account for the shift in legislative priorities in the second and third year of the program. A major thematic change in the EVIP was the bifurcation of certain requirements between CVTs that had qualified for funding under a category in FY 2011-12 and CVTs that did not qualify. Moreover, category three has undergone annual changes reflecting shifting legislative priorities. Finally, the CGAP was removed from the EVIP boilerplate and set up in an individual boilerplate section.

⁸ PA 63 of 2011, Article VIII, Section 951.

⁷ PA 200 of 2012 included a new County Incentive Program (CIP) for 20.0% of overall county payments. A detailed analysis of the CIP is the subject of a separate memorandum.

In an effort to incentivize certain actions by local governments, the EVIP set up a three-staged qualification process for those CVTs eligible to receive an EVIP incentive payment. For a CVT to be considered eligible for an incentive payment under the EVIP, the CVT must have received a statutory revenue sharing payment in FY 2009-10 that was greater than \$4,500. There are 486 CVTs eligible to receive EVIP payments. By implementing this threshold, 269 fewer CVTs receive an EVIP payment than received a statutory revenue sharing payment in FY 2010-11.

In FY 2011-12, eligible CVTs were able to qualify for a maximum incentive payment equal to approximately 67.8% of their FY 2009-10 statutory revenue sharing payments. The increase in funding in FY 2012-13 increased the maximum incentive payment for CVTs to 72.7% of their FY 2009-10 statutory revenue sharing payments. Due to the 4.8% funding increase in FY 2013-14, eligible CVTs qualify for a payment equal to 76.2% of their FY 2009-10 statutory revenue sharing payments.

Fligible Payment as % of

| | | FY 2009-10 Statutory |
|-------------|---------------------|--------------------------------|
| Fiscal Year | Total Appropriation | Revenue Sharing Payment |
| 2011-12 | \$210,000,000 | 67.8% |
| 2012-13 | 225,000,000 | 72.7% |
| 2013-14 | 235,840,000 | 76.2% |

Payment Structure

Eligible CVTs qualify for one-third of their funding in each of three stages, or categories. In FY 2011-12, a CVT must have qualified for each category of funding by the specified due date or it forfeited the remaining incentive payment associated with the category. Specifically, each category accounted for one-third of the funding for each of the six payments. Therefore a CVT received a portion of the funding associated with categories two and three prior to the certification due date of the category. If the CVT failed to qualify for a category, it would only forfeit the funds associated with the category after the certification date. The two charts below provide an example of how the payment structure functioned in FY 2011-12.

As enacted, the FY 2011-12 EVIP did not allow for CVTs to qualify for partial funding for any of the three categories. However, the passage of PA 278 of 2011, a supplemental appropriations act, revised the EVIP language to allow for a CVT to qualify for a partial payment under categories two and three, among other things. A complete list of amended changes to the FY 2011-12 EVIP is included in the detailed category descriptions below.

The FY 2012-13 EVIP payment structure was amended to have the October and December payments support category one, the February and April payments support category two, and the June and August payments support category three. A CVT would be able to qualify for a partial payment (1/2 of category funding) if it was able to certify prior to the first day of the second payment month in each category. FY 2013-14 EVIP payments continued with this structure. Tables 3 and 4 provide an example of how the FYs 2012-13 and 2013-14 payment structure would function under the same set of circumstances as Table 1 and 2.

For FYs 2011-12, 2012-13, and 2013-14 forfeited funds and any other unexpended funds from the EVIP, CIP, and Competitive Grant Assistance Program are designated as work project appropriations and shall be available for the purposes outlined in the Competitive Grant Assistance Program until September 30, 2018. The three categories of funding are described in more detail below.

Category #1: Accountability and Transparency

For FY 2011-12, the first category of funding incentivized accountability and transparency. Specifically, an eligible CVT had to produce, make readily available to the public, and certify with the Department of Treasury a "citizen's guide" and a "performance dashboard" of its local finances, which had to include a recognition of its unfunded liabilities. In order to qualify for funding under this category, each eligible CVT had to submit it's "citizen's guide" and "performance dashboard" to the Department of Treasury no later than December 1, 2011.¹³ The Department of Treasury indicated that CVTs could create the required "citizen's guide" and "performance dashboard" in a manner best suited for the local unit. Nevertheless, in an effort to provide consistency in reporting, the Department of Treasury developed guidelines and templates that CVTs could follow for both the "citizen's guide" and "performance dashboard."¹⁴

For FY 2012-13, the first category of funding continued to incentivize accountability and transparency. The category was modified to include a projected budget report for the current year and the immediately following fiscal year. Specifically, the projected budget report was required to include revenues and expenditures, a detailed listing of debt service requirements, and an explanation of the assumptions used in formulating the budget projections. The remaining requirements, both the citizen's guide and dashboard, were retained from FY 2011-12. The certification date for a full payment was October 1, 2012. A local unit of government would qualify for half of their category one payment by certifying after October 1, 2012, but before December 1, 2012. All local units, regardless of whether they qualified in FY 2011-12 under category one, must follow the above-listed requirements to qualify for funding under this category.

The requirements under this category are expanded for FY 2013-14. In addition to the requirements in FY 2012-13, there is the inclusion of a debt service report with detailed debt service requirements

⁴ See http://www.michigan.gov/treasury/0,4679,7-121-1751 2197-259606--,00.html.

¹³ Category one date was amended to December 1, 2011 from October 1, 2011 in PA 278 of 2011. This change allowed 18 local units to qualify for full funding under category one. Total payments to those local units of government affected by the change totaled \$395,725.

which include, at a minimum, the issuance date, issuance amount, type of debt instrument, a listing of all revenues pledged to finance debt service by debt instrument, and a listing of the annual payment amounts.

Category #2: Consolidation of Services

The second category of funding incentivizes cooperation, collaboration, and consolidation among CVTs. For FY 2011-12, however, the category stopped short of requiring implementation of the cooperation, collaboration, and consolidation plan to qualify for funding. Rather, the eligible CVT was required to certify with the Department of Treasury that it had developed and made available to the public a plan with "1 or more proposals to increase its existing level cooperation, collaboration, and consolidation, either within the jurisdiction or with other jurisdictions." The plan was also required to include past and future service cooperation, collaborations, and consolidations already in place. Additionally, the plan was required to include savings realized from any past cooperation, collaboration, or consolidation and an estimate of the potential savings from any new service cooperation, collaboration, or consolidation. A CVT was required to certify and submit a copy of the cooperation, collaboration, and consolidation plan with the Department of Treasury no later than March 1, 2012 for the CVT to qualify for their incentive payment. 15

For FY 2012-13, the legislature enacted a bifurcated category two to differentiate requirements for those CVTs that qualified for a payment under category two in FY 2011-12 and those CVTs that did not qualify in FY 2011-12. The requirements for each class of CVT are as follows:

- A CVT certifying under category two for the first time "shall include a listing of any previous services consolidated with an estimated cost savings amount for each consolidation." Additionally, the CVT shall include one or more new proposals to increase its current level of cooperation, consolidation, or collaboration which shall include an estimate of potential savings and a timeline for implementing the new proposal. There is no requirement that the CVT show evidence that the cooperation, consolidation, or collaboration has been implemented.
- A CVT that certified under category two in FY 2011-12 shall include an updated status of the
 proposals in its FY 2011-12 certification, including barriers to completion and a timeline for
 fully implementing the previous year's plan. The FY 2012-13 plan shall also include one or
 more new proposals to increase existing levels of cooperation, collaboration, and
 consolidation or a detailed explanation of why increasing existing levels cooperation,
 collaboration, and consolidation is not feasible.

A CVT must certify with the Department of Treasury by February 1, 2013 to qualify for a full payment under category two. A local unit of government would qualify for half of their category two payment by certifying after February 1, 2013, but before April 1, 2013.

For FY 2013-14, Category Two continued the requirements and bifurcated system from FY 2012-13, but expanded the services and operational changes that would qualify under the category to include innovations and privatizations.

_

¹⁵ Category two certification date was amended to change January 1, 2012 to March 1, 2012 in PA 107 of 2012 to qualify for a full funding under category two. The supplemental act change allowed two CVTs that had not certified by January 1, 2012, but certified by March 1, 2012, to qualify for full funding. Certifying after March 1, 2012, but prior to April 1, 2012 would have allowed the CVT to receive a partial payment of their category two funding.

Category #3: Employee Compensation

The third category of funding incentivizes reforming employee compensation. For FY 2011-12, to qualify for an incentive payment under this category, an eligible CVT was provided with two certification options.¹⁶

Under the first option, a CVT was required to certify with the Department of Treasury that it had publicized an employee compensation plan that the CVT "intends to implement with any new, modified, or extended contract or employment agreements for employees not covered under contract or employment agreement." Therefore, while having certified that a plan had been developed and publicized was a requirement for funds under this category, it should be noted that, unlike category two where certification of the plan would be enough, the intent was that the compensation plan would actually be implemented under any new, modified, or extended contract or employment agreement to fulfill the requirements of the category.

In boilerplate, CVTs were provided guidance on what must be included in the employee compensation plan. Each eligible CVT must include, at a minimum, the following:

- Newly hired employees that are eligible for retirement plans must be placed on a retirement plan that caps the employer contribution at 10.0% for those employees eligible for social security benefits. For employees not eligible for social security benefits, the employer contribution must be capped at 16.2%.
- If an employee is a on a defined benefit pension plan, the maximum multiplier shall be 1.5% for those employees eligible for social security benefits. If postemployment health care is not provided, the maximum multiplier shall be 2.25%. For those employees that are not eligible for social security benefits, the maximum multiplier shall be 2.25%. If postemployment health care is not provided, the maximum multiplier shall be 3.0%.
- For those employees on a defined benefit pension plan, the final average compensation shall be calculated using a minimum of three years of compensation and shall not include more than 240 hours of paid leave. Additionally, overtime hours cannot be used in calculating the final average compensation.
- If health care benefits are offered, an employee shall pay a minimum of 20.0% of the premium cost. In the alternative, an employer's share of the local health care plan costs shall be cost competitive with the state's share of the new state preferred provider organization (PPO) health care plan. In the alternative, an employer's share of the local health care plan costs shall be cost competitive with the state's share of the new state preferred provider organization (PPO) health care plan.

Under the second option, a CVT was required to certify with the Department of Treasury that it had complied with one of the following:

• Certify that it is in compliance with the requirements of the Publicly Funded Health Insurance Contribution Act, 2011 PA 152, MCL 15.561 to MCL 15.569.

program, please see http://www.michigan.gov/documents/mdcs/New Hire Spotlight 317332 7.pdf.

.

¹⁶ PA 107 of 2012, a FY 2011-12 supplemental appropriations act, amended the EVIP to create a second qualifying option for an eligible CVT under category three. As originally enacted, the EVIP required CVTs to develop an employee compensation plan.

¹⁷ "Publicized" is defined as made available for public viewing in the CVT clerk's office or posted on a publicly accessible Internet site.

¹⁸ Please note the requirements of recently enacted Senate Bill 7. Compliance with the requirements of Senate Bill 7 effectively brings the CVT into compliance with the health care benefits requirement of the EVIP program. ¹⁹ Applies to those employees hired by the state of Michigan after April 1, 2010. For a brief summary of the

• If the CVT does not offer medical benefits, the eligible CVT was required to certify with the Department of Treasury that it does not offer medical benefits to its employees.

A CVT was required to certify under either option with the Department of Treasury by June 1, 2012 to qualify for a full payment under category three. A CVT would qualify for a partial payment under category three by certifying after June 1, 2012, but before August 1, 2012.

For FY 2012-13, the category three certification requirements were unchanged from the FY 2011-12 category three requirement. A CVT retained the two options explained in detail above. To receive full funding under category three, a CVT needed to certify by June 1, 2013. A CVT would qualify for partial funding if it certified after June 1, 2013, but prior to August 1, 2013.

The Department of Treasury is not required to specifically review each guide, dashboard, or plan; rather, the Department of Treasury was required develop a certification process for eligible CVTs to follow. For FY 2012-13, the EVIP requires the Department of Treasury to develop detailed guidance for a city, village, or township to follow in order to qualify for funding under each of the three categories. The guidance shall be posted on the Department of Treasury website and distributed to CVTs by October 1.

For FY 2013-14, Category Three was transformed from dealing with employee compensation factors to addressing CVT unfunded liabilities as they relate to employee pensions and other post-employment benefits. For FY 2013-14, a CVT is required to submit an unfunded accrued liability plan. A CVT would automatically qualify under the category if it could show that it did not presently have unfunded accrued liabilities related to employee pensions or other post-employment benefits. However, a CVT with unfunded accrued liabilities is required to submit a plan to lower its unfunded accrued liabilities. The plan must include the following:

- All previous actions taken to reduce CVT unfunded accrued liabilities, with an estimation of savings due to its actions
- If no previous actions, a detailed description of why no actions have been taken by the CVT
- A detailed description of how the CVT will continue to implement and maintain previous actions taken
- A listing of additional actions the CVT could take

Actuarial assumption changes and issuance of debt instruments do not count as new proposals. As with other reporting requirements under EVIP, the plan shall be publicly available on an Internet site or posted in the clerk's office. Additionally, the CVT shall certify with the Department of Treasury that its plan is publicly accessible.

Competitive Grant Assistance Program²⁰

The CGAP was incorporated in the FY 2011-12, FY 2012-13, and FY 2013-14 General Government budget acts. While boilerplate in the bills provides general guidance, the Department of Treasury is tasked with developing a grant application process for local governments wishing to apply for service consolidation and cooperation grant funding. Qualification criteria developed by the Department of Treasury for FY 2011-12 grants included:

- Merger of two or more governmental units on or after October 1, 2011
- Consolidation of departments or a unified tax system across two or more governments
- Plan outlining cost savings, efficiencies created, and overall taxpayer benefits

Timeframe for completion

In FY 2011-12, \$5.0 million was initially appropriated for the CGAP to provide incentive-based grants to CVTs and counties that elect to combine government operations.

PA 236 of 2012, a FY 2011-12 supplemental appropriations act, included an additional \$10.0 million for the CGAP to be split evenly between general government operations cooperative efforts and public safety cooperative efforts, making the year-to-date total appropriation for the CGAP \$15.0 million.

For FY 2011-12, two rounds of grant awards were introduced. The first round of grant awards was announced on January 20, 2012; 28 projects received awards.²¹ The Department of Treasury announced a second round of grant awards following the passage of PA 236 of 2012 with over \$10.0 million of funding available.

For FY 2012-13, a total of \$15.0 million (\$10.0 million one-time) was appropriated for the CGAP in a separate line item and boilerplate section (Section 951).²² As enacted, the program was expanded to include school districts and intermediate school districts (ISDs) in addition to the CVTs and counties. For a school district or ISD to qualify for grant funding, it was required to combine operations with a CVT or county. If a school district or ISD received funding under the school consolidation program they were not be eligible to receive funding under the CGAP for the same qualifying project. The Department of Treasury was charged with developing an application process and method of grant distribution.

For FY 2013-14, a total of \$15.0 million (\$10.0 million one-time) is appropriated for the CGAP program. While substantially similar to the FY 2012-13 CGAP, the program was expanded to include public authorities, public community colleges, and public universities. As was the case with ISDs and school districts in FY 2012-13, authorities, public community colleges, and public universities (in addition to ISDs and school districts) must cooperate with a CVT or county. With the elimination of the school consolidation program, the language referring to that program was eliminated.
