Overview

The School Aid budget makes appropriations to the state's 548 local school districts, 297 public school academies, the Education Achievement System, and 56 intermediate school districts (ISDs) for operations and certain categorical programs. It also appropriates funds to the Center for Educational Performance and Information, the Workforce Development Agency, and other entities to implement certain grants and other programs related to K-12 education.

Major Budget Changes From FY 2013-14 YTD Appropriations

1. Foundation Allowances (Secs. 22a, 22b, 22c)

Executive increases FY 2014-15 foundation allowances by \$28 to \$56 per pupil through the 2x formula plus \$55 per pupil across the board, providing total increases varying from \$83 to \$111 per pupil, at a cost of \$150.0 million. The minimum foundation would be \$7,187 and the Basic (the state maximum guaranteed level) would be \$8,132.

	FY 2013-14 Year-to-Date (as of 2/5/14)	FY 2014-15 House Change
Gross	\$8,946,400,000	\$25,600,000
Restricted	8,742,797,600	71,937,700
GF/GP	\$203,602,400	(\$46,337,700)

(The FY 2013-14 equity payment in Sec. 22c is rolled into the foundation allowance and included in a revised baseline for Sec. 22b.)

Much of the cost of increasing foundation allowances is offset by reducing baseline cost adjustments totaling \$115.4 million based on consensus estimates for taxable values and pupils. HB 4295 would reduce FY 2013-14 costs by \$49.4 million to reflect the current year savings. FY 2014-15 baseline costs would have decreased by another \$66.0 million from the revised FY 2013-14 baseline based on consensus estimates due to anticipated increases in local taxable values and further decreases in pupil memberships.

House increases FY 2014-15 foundation allowances by \$56 to \$112 per pupil through the 2x formula. The minimum foundation allowance would be \$7,188, and the Basic would be \$8,105. The House concurs in rolling in the Sec. 22c equity payment into the foundation allowances. The total cost of the foundation increase is \$141.0 million, but is offset by the combined FY 2013-14 and FY 2014-15 baseline cost reductions totaling \$115.4 million as mentioned above.

Major Boilerplate Changes From FY 2013-14

Sec. 6(11). Definitions: School District of the First Class – REVISED

Executive revises the pupil membership requirements necessary to be a school district of the first class from 60,000 to 45,000 to reflect the decline in Detroit Public School's pupil membership to 48,860 in FY 2013-14.

House revises to a pupil membership of 40,000.

Sec. 15. Adjustments in Apportionments – REVISED

Executive revises to allow MDE to perform or require an audit of all records for the current fiscal year and three prior fiscal years related to any program funded in the School Aid budget. Revises to require that MDE "shall" revise apportionments based on such audits or other new information in the current year as well as prior fiscal years, and that the revision be done in the next apportionment after the adjustment is finalized.

House concurs with Executive.

Sec. 17a. Withholding Payments to Districts and ISDs – REVISED

Executive adds that MDE and Treasury may withhold payments related to two additional statutes: the Emergency Municipal Loan Act and the Local Financial Stability and Choice Act, and that they may withhold payments for all other financial obligations of a district or ISD in addition to current law's outstanding obligations on which the district or ISD has defaulted. Adds reference to the newly proposed enhanced deficit elimination plan (see Sections 102 and 102a).

House concurs with Executive.

Sec. 18. Application of Money Received Under the Act – REVISED

Executive amends the 20% cap on certain funds received which a district may transfer to pay for capital projects or debt retirement to fix an error in the statute that was inadvertently changed when the Higher Education and Community Colleges budgets were added to the bill in FY 2011-12 and the articles of the act were revised.

Revises the budget transparency requirements to shorten the time by which a district must post budget information from 30 to 15 days after a board adopts its budget or subsequent revisions. Also adds that a district must include links to its deficit elimination plan or enhanced deficit elimination plan on its budget transparency webpage.

Expands the potential frequency the MDE can require a district to have an audit and requires that records shall be retained for the current fiscal year and the three previous fiscal years. Requires that districts and ISDs provide all of their audited financial information by October 15 rather than November 15. Deletes the required online course cost report.

House concurs with Executive except moves the audited financial information submission date to November 1.

Sec. 19. State and Federal Reporting Requirements – REVISED

Executive deletes legislative intent that by FY 2014-15 there be standard statewide reporting requirements for education data.

House maintains intent language but pushes date back to FY 2016-17.

Sec. 21f. Online Courses – REVISED

Executive revises to require districts to allow for online courses under this section from grades 7-12 rather than 5-12. Deletes the exemption from this section for a district that is a cyber school. Expands to allow a pupil that has demonstrated previous success to take more than 2 online courses per semester under this section.

Expands the reasons for which a district may deny a pupil's request to include that the cost of the online course exceeds the amount identified in this section and that the request does not occur within the same timelines required for other enrollment and schedule changes. Deletes the provision that a district can pay the online school 80% upon enrollment and 20% upon completion, so would have to pay 100% upon enrollment. Revises the maximum cost a district must pay for an online course from 1/12 of a district's foundation allowance to 6.25% of the minimum foundation allowance.

House concurs with Executive with the following revisions: Requires that a student's request for an online course be made prior to the academic semester or term; Maintains the district payment based 80% on enrollment and 20% on completion; Adds that a pupil enrolled in 1 or more classes under this section may not be counted under the pupil transfer process in Sec. 25e.

Sec. 22f. Best Practices Incentive Grants – REVISED

Executive maintains that districts must comply with 7 out of 8 criteria and maintains current law for the 8 criteria.

Sec. 25e. Pupil Transfer Process – REVISED

Executive maintains current law.

House revises as follows: Transfers must be submitted within 30 days of the transfer or the pupil count submission date (rather than the 6th Wednesday after the pupil membership count day) whichever is later. Allows an ISD to investigate a representative sample based on required audit sample sizes in the pupil auditing manual and allows them to deny a transfer, rather than requiring the ISD to approve or deny each transfer. Adds that CEPI with MDE must report to the Legislature by December 1, 2014, with data on the implementation of this section including the number of transfer transactions and the net change in pupil memberships by district and ISD. Prohibits a pupil enrolled in an online course under Sec. 21f from being counted or transferred under this section.

Sec. 31a. At-Risk Pupil Funding – REVISED

Executive provides a revised purpose for the use of At-Risk funding to ensure that third grade pupils are proficient in reading by the end of third grade and that high school graduates are career and college ready. Expands flexibility by deleting some suggested uses of funding and allows a district to use all of its funds to implement school-wide reform consistent with the school's improvement plan in schools with 40% or more of its pupils identified as at-risk. Requires an ISD to provide data to MDE for dissolved districts so receiving districts could receive funds in the first year following dissolution.

Maintains funding distribution in current law based on the number of pupils that qualify for free or reduced breakfast, lunch, or milk; but revises the definition of an At-Risk pupil for whom the funding may be used to serve to include a pupil that meets any of the following criteria:

- A pupil enrolled in a priority school or a pupil enrolled in a focus school who is in the bottom 30% of achievement.
- A pupil who did not achieve proficiency or a satisfactory score on 2 or more state or locally administered assessments.
- In the absence of assessment data, the pupil is eligible for free or reduced breakfast, lunch or milk; is absent more than 10% of enrolled days or 10 school days; is homeless; is a migrant; is an English language learner; is an immigrant; did not complete high school in four years and is still continuing in school.

Requires that if a district cannot demonstrate improvement in third grade reading proficiency for at-risk pupils and improvement in career and college readiness as measured by the ACT for at-risk pupils after three subsequent school years, the district must revise its school improvement plan regarding expenditures of funds under this section.

House concurs with the Executive but maintains several current law, allowable uses of funds including early childhood and reading programs, adult education programs, and up to 20% of funds on other purposes not mentioned in this section. Also maintains current law that Sec. 31a funds may not be used to supplant another program or other funds.

Sec. 32d. Great Start Readiness Program – REVISED

Executive revises the requirement that an ISD ensure that 90% of children in the program are from families with a household income up to 250% of the federal poverty level, such that if an ISD determines that all eligible children are served with no children on the waiting list, the ISD may enroll children that live in families with a household income up to 300% of the federal poverty level. Would consider any child in foster care or who is experiencing homelessness, or has an individual education plan recommending placement in an inclusive preschool program as living with a family with household income up to 250% of the federal poverty level regardless of actual family income.

House does not change the threshold level from 250% to 300% of the federal poverty level, but does concur with counting certain children as if they live with families under 250% of the federal poverty level.

Sec. 41. Bilingual Instruction Program – REVISED

Executive deletes language prohibiting a district or ISD from receiving funds if it allows pupils who do not reside in the United States legally to participate in the program.

House maintains current law.

Sec. 94a(9). Truancy Report – REVISED

Executive deletes legislative intent that beginning in FY 2014-15 districts report to the Center for Educational Performance and Information (CEPI) the number of pupils who have had 10 or more unexcused absences each school year.

House concurs with Executive.

Sec. 101. Instructional Days and Hours – REVISED

Executive revises such that if a district had a collective bargaining agreement in place as of June 13, 2013, when the FY 2013-14 School Aid budget was signed, that had a school calendar that does not comply with the 175 minimum day requirement for FY 2014-15, then the subsection does not apply until the bargaining agreement expires.

House concurs with the Executive and adds a 5% penalty for districts that entered into a collective bargaining agreement in conflict with this section after June 13, 2013. Also provides that a collective bargaining agreement in place before June 13, 2013, would be allowed to continue to count up to 38 hours of professional development as instructional time until the agreement expires. The House would also increase the minimum number of days from 175 to 180 days beginning in FY 2016-17, but provides that if a collective bargaining agreement that is in conflict with this subdivision is in place prior to the enactment of this bill, it is exempt until that agreement expires.

Sec. 102. Deficit Budget and Deficit Elimination Plan (DEP) – REVISED

Executive revises the procedures for a district or ISD that has a deficit to require the district or ISD to notify the MDE immediately and to submit to the MDE and the State Treasurer a preplan financial report within 30 days of notifying MDE of the deficit, and allows the MDE to withhold some or all of its state aid payments in an amount the MDE determines is necessary to incentivize the district or ISD to eliminate the deficit until the district or ISD submits a DEP to the MDE or until the DEP is approved by the MDE. Allows the department to require a DEP to include an education plan for the district or ISD.

If the State Treasurer determines, based on information in a periodic financial status report under Section 102a, notification from the State Superintendent, a preplan financial report or deficit elimination plan, that a district or ISD has indicators of financial stress likely to result in recurring deficits or financial stress, the State Treasurer may require the district or ISD to submit an Enhanced DEP subject to approval by the State Treasurer, which may include entering into a financial recovery agreement with the State Treasurer. Requires withholding of funds until a district or ISD has an approved Enhanced DEP and requires enhanced monthly monitoring reports on withholding of funds until a district or ISD has an approved Enhanced DEP and requires enhanced monthly revenue, expenditures, cash flow, liabilities, budget amendments, pupil membership, and other financial data.

House concurs with Executive.

Sec. 102a. Periodic Financial Status Reports – NEW

Executive allows the State Superintendent or the State Treasurer to require a district or ISD to submit periodic financial status reports if it is determined that potential financial stress may exist, or that an operating deficit may arise within the current or next two fiscal years, or that a district or ISD will be unable to meet its financial obligations to provide public education based upon a number of factors. Details financial information that may be required in a periodic financial status report. Allows the State Treasurer to require that a district or ISD submit an enhanced DEP if the periodic financial status report indicates financial stress or a deficit.

House concurs with Executive.

Sec. 107. Adult Education – REVISED

Executive revises the funding distribution over a 3-year phase-in period away from the current calculation which makes awards based on prior year allocations and instead would make awards to the ISD acting as fiscal agent for each of the 10 prosperity regions identified by MDE. The revised distribution would be based on the following:

- 60% on the proportion of the state population between ages 18 and 24 who are not high school graduates in each region.
- 35% on the proportion of the state population ages 25 or older who are not high school graduates in each region.
- 5% on the proportion of the state population ages 18 or older who lack basic English proficiency in each region.

The ISD that is the fiscal agent would distribute funds to adult education programs within the prosperity region based on collaboration with education advisory groups and the workforce development boards in the region. Funding would be awarded to adult education programs based on 75% enrollment and 25% completion rather than the current 90/10 split.

House concurs with Executive but prohibits funding under this section from being used for administration.

Sec. 147. MPSERS Contribution Rates – DELETED

Executive revises the total and employer contribution rates based on the Executive recommendation to roll Sec. 147a MPSERS offset funds into Sec. 147c and permanently reduce the capped employer contribution rate for the unfunded accrued liability (UAL) in PA 300 of 2012 from 20.96% to 19.76%.

House concurs with Executive.

Sec. 147b. MPSERS Retirement Reform Reserve Fund – REVISED

Executive transfers \$50,000,000 from the School Aid Fund to the MPSERS Reserve Fund for future use.

House concurs with Executive.
