
MEMORANDUM

DATE: May 19, 2005

TO: Members of the Michigan House of Representatives

FROM: Mitchell E. Bean, Director

RE: Consensus Revenue Agreement—May 19, 2005

Pursuant to the Management and Budget Act Sections 367(a) through 367(f), the Consensus Revenue Estimating Conference establishes an official economic forecast of major variables of the national and state economies and establishes a forecast of anticipated state General Fund/General Purpose (GF/GP) and School Aid Fund (SAF) revenues.

The conference principals at the May 2005 meeting were the Director of the House Fiscal Agency, the Director of the Senate Fiscal Agency, and the State Treasurer. The Director of the Senate Fiscal Agency is the 2005 Conference Chairperson.

The attached tables provide a summation of the agreements reached at the May 19 conference. The consensus estimates will be revised or updated at the January 2006 conference.

Table 1: Consensus Economic Forecast

Provides estimates of various state and national economic variables. The forecast indicates that real gross domestic product (GDP) will grow by 3.2% in calendar year (CY) 2005 and by 3.1% in CY 2006. In addition, Michigan personal income is forecast to grow 4.4% in CY 2005 and by 5.3% in CY 2006.

Table 2: Consensus Estimates of GF/GP and SAF

Provides final estimates for FY 2003-04 and revised estimates for FY 2004-05 and FY 2005-06 revenue. Net GF/GP and SAF revenue is estimated to increase \$107.7 million or 0.6% in FY 2004-05 and \$614.1 million or 3.3% in FY 2005-06.

Table 3: Consensus Estimate—Budget and Economic Stabilization Fund (BSF) Calculation

No BSF pay-in is estimated for FY 2004-05 or FY 2005-06. Pay-in and withdrawal from the BSF are based on growth in real adjusted personal income (Management and Budget Act, 1984 PA 431, Section 352).

Table 4: Consensus Estimate—Constitutional Revenue Limit Calculation

Reports calculations of the amounts that revenues exceed or do not exceed the constitutional state revenue limit established in Article IX, Section 26 of the Constitution of the State of Michigan. It is estimated that total state revenue subject to the limit will be \$5.7 billion below the limit in FY 2004-05 and \$5.8 billion below the limit in FY 2005-06.

Table 5: Consensus Estimate—Comparison of Pupil Membership Estimates

Reports consensus estimates of pupil membership for FY 2004-05 and FY 2005-06 and notes changes from January 2005 estimates.

Table 6: Consensus Estimate—School Aid Revenue Adjustment Factor and Pupil Membership Adjustment Factor

Reports calculations used to determine the FY 2005-06 revenue adjustment factor which is 1.0328, and the pupil membership adjustment factor, which is 1.0023 for FY 2005-06. The revenue adjustment factor is multiplied by the pupil membership adjustment factor to determine the increase in the per pupil foundation allowance, which is 1.0352 or 3.52%.

If you have any questions regarding this information, please do not hesitate to call.
