Department: Natural Resources
Agency: Mackinac Island State Park Commission

Analysis Complete to: 1/2/2018

BACKGROUND AND SUMMARY OF PROPOSED RULES

These proposed changes would revise the general rules governing the Mackinac Island State Park Commission to allow this commission to issue rental bicycle licenses, to prohibit the launch or use of sky lantern or waterborne candle lantern, and to limit the use or operation of an unmanned aircraft without proper written permission.

FISCAL IMPACT OF PROPOSED RULES

These proposed rules would have an indeterminate fiscal impact on the Department of Natural Resources by allowing the commission to establish fees for rental bicycle licenses; the amount of these fees is not specified. Consequently it is not clear how much revenue may be generated by these license fees. These proposed rules are unlikely to affect departmental costs nor have a fiscal impact on local units of government.
