### Overview

Gross appropriations in House Bill 4094 (H-1, Draft 1) are \$1,884,200 less than the Governor's proposed budget; however, General Fund/General Purpose (GF/GP) appropriations in the House recommendation would be \$700,000 higher than the Governor's proposal. The House bill does not recognize fee increases proposed by the Governor; instead, for those line items which had reflected fee revenue increases in the Governor's proposal, the House substitute includes \$100 increases in baseline fee revenue pending agreement on various restricted fund fee increases.

House substitute also reflects a \$700,000 GF/GP boilerplate appropriation in support of fruit tree research, as well as a \$300,000 GF/GP appropriation to complete a commercial forestry audit started in the current fiscal year. The \$300,000 increase would be offset by \$150,000 reductions, each, in GF/GP support for the Qualified forest program and the One-time appropriation for laboratory equipment.

Department of Agriculture and Rural Development's key programs and priorities include ensuring food safety and security, protecting animal health and welfare, managing invasive exotic species, regulating pesticide use, certifying agricultural commodities, ensuring environmental stewardship, protecting consumers, and promoting the state's agricultural economy.

This increase is partially offset by \$2,700 Gross, (\$800 GF/GP) decrease related to economic adjustments, described further below.		
House concurs with Executive.		
<b>2. Information Technology</b>

<b>2. Air Quality Program - Fee Increase</b>		
<u>Executive</u> proposes to raise the air emissions (air quality) fee from \$47.95 per ton to \$65.00 per ton. This proposed fee increase is expected to generate \$2.3 million in additional revenue, which would exceed a reduction of \$1.3 million in restricted funding to air quality from the environmental pollution prevention fund, resulting in a net increase of \$913,000 in restricted funding. Air emissions fee revenue allows the state to operate its own emissions regulation program rather than be subject to the EPA's program. This fee is paid by more than 800 facilities and currently generates \$9.6 million in annual revenue.	<b>Gross</b>	<b>NA</b>

<u>House</u> amends <u>Executive</u> to reduce air emissions fee increase from \$65 per ton down to \$51.15 per ton. This reduction lowers the additional restricted revenue due to the fee increase from \$2.3 million down to \$1.2 million.		
<u>House</u> increases line item by \$1.3 million in restricted funding from the environmental pollution prevention fund at the request of DEQ in order to correct an omission in the executive recommended budget (referenced above).		
<u>House</u> reduces line item by \$150,000 GF/GP.		
<b>3. Drinking Water Revolving Fund Loan Program (DWRFL)</b>		
The FY 2014-15 budget as originally enacted included \$5.0 million GF/GP for DWRFL loans. A reduction of \$2.8 million GF/GP was included in EO 2015-5. The FY 2015-16 <u>executive</u> recommended budget includes an additional reduction of \$200,000 GF/GP. **Overview**

The Department of Treasury is the chief fiscal agency of the state and the primary source of advice to the Governor on tax and fiscal policy issues. The Department's mission is to collect state taxes; to invest, control, and disburse state monies; and to protect the state's credit rating and that of its cities. The Department manages one of the nation's largest pension funds, administers revenue sharing, and administers the student financial aid programs. It also investigates fraudulent financial activity, provides assistance on all property tax-related issues and advises issuers of municipal obligations. The Bureau of State Lottery, the Michigan Gaming Control Board (MGCB), Michigan State Housing and Development Authority (MSHDA), and the Michigan Strategic Fund (MSF) are autonomous agencies housed within the Department of Treasury. MSF and MSHDA changes are summarized separately.

#### Overview

Article VI of the State Constitution of 1963 forms the basis for Michigan's judicial branch of government. The Judiciary budget provides operational funding for the Michigan Supreme Court, the Court of Appeals, and related judicial agencies. The budget funds the salaries of justices of the Supreme Court and judges of the appeals, circuit, probate, and district courts according to constitutional and statutory requirements. Funding assistance for local trial court operations is provided through a variety of grant programs. The largest of these, the Court Equity Fund Reimbursement program, reimburses counties for trial court operations based on a statutory formula that recognizes circuit and probate caseloads and the numbers of judgeships.

#### Major Budget Changes From FY 2014-15 YTD Appropriations

##### 1. Budgetary Savings

Executive reflects a savings from recognizing year-end lapses that typically occur in various line items and from administrative efficiencies, such as delaying hiring for vacant positions. The largest amounts of savings are taken from the Swift and Sure Sanctions Program line item (\$2.5 million) and from the Mental Health Courts and Diversion Services line item (\$500,000). The remaining savings of \$150,000 is taken from various operation/administration line items throughout the budget. House concurs with the Executive on all savings reflected in the Executive recommendation, plus reduces the Swift and Sure Sanctions Program line item by another \$500,000.

##### 3. Savings for Eliminated Judgeships

Executive reflects a savings from elimination of one Court of Appeals judgeship under Public Act 40 of 2012; elimination of four district court judgeships under Public Acts 16, 20, and 34 of 2012 and 58 of 2014; and elimination of five circuit court judgeships under Public Acts 228 of 2009, 18 and 35 of 2012, and 59 of 2014. The amount of savings is a result of retirements effective on January 1, 2015. Seventy-five percent of the savings was recognized in the FY 2014-15 budget; the remaining twenty-five percent will be recognized in FY 2015-16. House concurs.

**Overview**

The Department of Licensing and Regulatory Affairs (LARA) is primarily responsible for business regulatory and employment services programs and is organized according to its four principal functions: 1) Licensing and Regulation, which implements and enforces statutory laws and administrative rules pertaining to commercial and occupational, construction and fire safety, healthcare professional and facility, public utility, and liquor regulation; 2) Employment Security and Workplace Safety, which oversees unemployment and workers' compensation insurance, occupational safety and health standards, labor and wage laws, and vocational rehabilitation services for the blind; 3) the Michigan Administrative Hearing System (MAHS), a quasi-judicial agency which centralizes and conducts administrative hearings for agencies throughout state government; and 4) the Office of Regulatory Reinvention (ORR), which manages administrative rule-making and evaluates the state's regulatory infrastructure. The agencies within LARA are primarily supported by revenue generated through numerous fees collected from regulated entities and various federal grants awards.

**Major Budget Changes From FY 2014-15 YTD Appropriations**

**1. Career and Technology Education and Skilled Trades Initiative**

Executive includes spending authorization for various programs intended to enhance career and technology education and skilled trades training; consisting of \$10.0 million for the Skilled Trades Training Program (in addition to an existing \$10.0 million appropriation within the MSF budget), \$2.1 million for an At-Risk Youth Initiative, \$1.8 million for a Michigan Advanced Technical Training Initiative, \$1.5 million to enhance re-employment opportunities for unemployed workers, and \$200,000 to support the re-tooling of credentials received by persons immigrating to Michigan. The Initiative is primarily supported with revenue from the Penalty and Interest Account of the Unemployment Insurance Agency's Contingent Fund and partially with federal unemployment insurance administration grants. House concurs.

<b>2. Unemployment Insurance Customer Service</b>			
<u>Executive</u> transfers spending authorization from one-time to include as ongoing for the maintenance of customer services at the Unemployment Insurance Agency (UIA), supported with revenue from the Penalty and Interest Account of the Contingent Fund (Fund) in which penalties, damages, and interest collected from employers and claimants are deposited. In August of 2012, due to the decline in the state's Insured Unemployment Rate, the federal government reduced the amount of administration grants to the UIA by \$37.2 million, resulting in 402 FTEs being laid-off, and there continues to be uncertainty concerning the amounts of quarterly grant awards. The Legislature approved a contingency transfer authorizing \$5.0 million from the Fund to support the maintenance of UIA operations during both FY 2012-13 and FY 2013-14 and included a one-time appropriation of \$18.0 million for FY 2014-15 (see #6 below). In July 2014, the U.S. Department of Labor has notified the UIA that it is "at risk" of decertification, resulting in loss of federal employer tax credits and administration grants, for failing to satisfy timeliness standards for first benefit payments and determination of appeals. <u>House</u> concurs.

<b>3. Statutory Fee Sunsets</b>			
<u>Executive</u> assumes revenues generated by the elimination of sunsets on numerous past statutory fee increases, set to expire on September 30, 2015, for various business and nonprofit filing and securities registration fees collected by the Corporations, Securities, and Commercial Licensing Bureau (CSCLB) and numerous occupational registration and licensure fees collected by the CSCLB and the Bureau of Construction Codes (BCC). LARA estimates that the elimination of these fee sunsets will preserve an annualized average of <b>\$15.5 million</b> in restricted revenue. The Legislature increased these fees in either 2003 or 2008 and most recently extended the sunsets in 2012. <u>House</u> concurs in part, but assumes the extension rather than the elimination of the sunsets.

<b>4. Health Facilities Fees</b>			
<u>Executive</u> assumes revenues generated by implementation of increases in application, base rate, and per bed licensure fees levied on acute and psychiatric hospitals, hospice agencies and residences, long term care and freestanding surgical outpatient facilities, and substance use disorder programs, and collected by the Bureau of Health Care Services (BHCS). LARA estimates these fee increases would generated an additional <b>\$1.3 million</b> per year. These fees were last adjusted between 20 and 35 years ago and the increases are substantially similar to those proposed by the BHCS in the annual report required by boilerplate Sec. 509 of 2014 PA 252. It is further assumed that fees would be levied annually while inspections of facilities would be triennial. No increase in spending authorization is required as the Health Systems Fees fund, into which these fees are deposited, is currently over-appropriated. <u>House</u> concurs.

<b>5. Retail Liquor License Fees</b>			
<u>Executive</u> assumes and increases spending authorization for revenues generated by implementation of increases in annual licensure and ancillary fees levied on various on- and off-premise retailers of beer, wine, and liquor products and collected by the Liquor Control Commission (LCC). These fees would be increased by 50.0% for FY 2015-16 through FY 2018-19; thereafter the increase would be reduced to 25.0% above current levels. LARA estimates these fee increases would generated an additional <b>\$6.3 million</b> per year through FY 2018-19 and \$3.1 million thereafter. Annual licensure fees were last adjusted in 1976. Generally, 55.0% of licensure fee revenue is distributed to local law enforcement agencies for the enforcement of state liquor laws, 41.5% of licensure fee revenue and all ancillary fee revenue is retained by the LCC for implementation and enforcement of state liquor laws, and 3.5% of annual licensure fee revenue and all of the 15.0% surcharge for Sunday P.M. sales is deposited with the Department of Community Health for programs pertaining to alcohol-related illnesses. <u>House</u> rejects (see #15 below).

<b>6. FY 2014-15 One-Time Appropriations</b>			
<u>Executive</u> removes spending authorization for FY 2014-15 one-time appropriations for Delphi Corporation workers' compensation payments (\$15.0 million GF/GP), Liquor Control Commission IT upgrades (\$500,000 Gross), and a disability access pilot project implemented by the Disability Advocates of Kent County (\$100,000 Gross). Also, eliminates \$100,000 GF/GP appropriated by 2014 PA 414 for costs incurred by the Bureau of Employment Relations to receive and upload specified collective bargaining documents. One-time spending authorization for customer services at the Unemployment Insurance Agency customer service (\$18.0 million Gross) is transferred to ongoing authorization (see #2 above). <u>House</u> concurs in part, but also includes reduction of remaining one-time authorization (\$99,700 GF/GP) for implementation of a health professional disciplinary actions website pursuant to Sec. 512 of Article XIII of 2014 PA 252.	<b>Gross</b>	<b>\$15,799,700</b>	<b>(\$15,799,700)</b>

LARA is currently negotiating a contract with the LCSA which is intended to establish a funding mechanism to support these expenses. <u>House</u> shifts \$1.5 million in spending authorization for the liquor licensing and enforcement activities of the Liquor Control Commission (LCC) from revenue generated by statutory licensure fees levied on liquor retailers to revenue generated from the statutory mark-up on the wholesale sale of liquor products to licensed retailers by the LCC. While revenue generated by retail liquor licensure fees has remained relatively stable over recent years, the LCC's personnel costs significantly rose subsequent to the enactment of 2011 PA 264 which required the prefunding of other postemployment benefits (OPEB) for state employees, resulting in relevant expenditures for licensing and enforcement activities exceeding available revenue generated by retail liquor licensure fees and the estimated exhaustion of the fund balance by early FY 2015-16. (2) Appropriation figures for all years include all proposed appropriation amounts, including amounts designated as "one-time."

**Overview**

The Michigan Department of State Police (MSP) is the state's primary law enforcement and emergency response authority, responsible for criminal law enforcement and investigation, traffic and motor carrier safety, and homeland security; in addition to the administration and implementation of various state programs, technologies, and specialized services intended to enhance the capabilities and coordination of federal, state, and local law enforcement agencies, the criminal justice system, and the entire public safety community.

**Budget Structure**

The Legislature significantly altered and rearranged the MSP budget over recent years: condensing appropriation units, combining line items, coalescing fund sources, and generally extending funding flexibility while greatly expanding performance metrics via reporting requirements. Beginning in FY 2011-12, the line items within the budget were variously combined and the quantity was ultimately reduced from nearly 60 ongoing line items to merely five within the FY 2014-15 budget. These five ongoing line items, arranged under four appropriation units, encompassed 20 informational and nonbinding schedules of programs. Furthermore, the budget indicated a schedule of revenues which provided nonbinding budget-wide estimated amounts of specific fund sources, however only fund types (e.g., federal, restricted, GF/GP) were appropriated from and designated to support line items. The House restructures the MSP budget by converting the schedules of programs into line items and appropriating from specific fund sources.

**Major Budget Changes From FY 2014-15 YTD Appropriations**

**1. 129<sup>th</sup> Trooper Recruit School (One-Time & Ongoing)**

Executive increases spending and staff authorization for the 129<sup>th</sup> Trooper Recruit School, which is anticipated to commence on 04/24/16 and graduate 75 new troopers on 09/16/16. Ongoing spending authorization (\$4.5 million) supports personnel, fleet, and ancillary costs incurred throughout and subsequent to the school, while one-time authorization (\$3.2 million) supports the costs of recruiting, boarding, training, and equipping recruits admitted to the school. The Executive recommends a concomitant increase of \$6.2 million GF/GP in ongoing spending authorization for FY 2016-17 which would annualize the ongoing personnel, fleet, and ancillary costs to account for the portion of FY 2015-16 that preceded commencement of the school. House concurs.

<b>2. 20<sup>th</sup> Motor Carrier Recruit School (Ongoing)</b>		
<u>Executive</u> increases spending authorization by \$1.1 million GF/GP for the ongoing personnel and ancillary costs and decreases staff authorization associated with the 20 <sup>th</sup> Motor Carrier Recruit School, which is anticipated to commence on 10/01/15 and graduate ten new motor carrier officers. Spending authorization for the one-time costs of recruiting, boarding, training, and equipping recruits admitted to the school is expected to be supported with a forthcoming work project designation of the FY 2014-15 appropriation for one-time costs associated with the school, which was originally planned to occur during FY 2014-15 and graduate 31 new officers, but was subsequently cancelled by MSP resultant from the elimination, via E.O. 2015-5, of the FY 2014-15 ongoing spending authorization associated with the school. <u>House</u> rejects spending and staff authorization for ten new officers, but includes a FTE reduction due to cancellation of the FY 2014-15 school. Additionally, <u>House</u> assumes that the \$1.2 million GF/GP appropriated in FY 2014-15 for the one-time costs associated with the school lapse to the GF/GP at the close of FY 2014-15 (see boilerplate Sec. 245). <b>3. Annualize 128<sup>th</sup> Trooper Recruit School Costs (Ongoing)</b>		
<u>Executive</u> increases spending authorization to annualize the personnel, fleet, and ancillary costs and decreases staff authorization associated with the 128 <sup>th</sup> Trooper Recruit School, which is anticipated to commence on 03/01/15 and graduate 60 new troopers on 07/24/15. Personnel, fleet, and ancillary costs incurred throughout and subsequent to the school were appropriated for FY 2014-15 and incorporated into ongoing spending authorization for FY 2015-16. This additional ongoing spending authorization annualizes these costs for FY 2015-16 to account for the portion of FY 2014-15 that preceded commencement of the school. MSP initially estimated annualized costs of \$5.4 million; however E.O. 2015-5 reduced the number of anticipated graduates from 100 to 60 troopers, resulting in a reduction of \$2.4 million in annualized costs for FY 2015-16. <u>House</u> concurs.	FTE 100.0 Gross \$5,464,400 GF/GP \$5,464,400	(40.0) \$3,005,700 \$3,005,700
<b>4. Statutory Fee Sunsets</b>		
<u>Executive</u> assumes revenues generated by the elimination of sunsets on statutory fees charged and collected by the MSP for taking and processing fingerprints (\$30) and processing and completing name-based criminal history searches (\$10) and on the \$2.25 regulatory fee levied on various vehicles specified by the Michigan Vehicle Code (1949 PA 300) and expended to enhance traffic law enforcement and safety. These fees are which are set to expire on September 30, 2015. MSP estimates that the elimination of these fee sunsets will preserve approximately <u>\$30.6 million</u> in restricted revenue during FY 2015-16. <u>House</u> concurs in part, but assumes the extension rather than the elimination of the sunsets.	Gross \$48,292,400 Restricted 48,292,200	\$0 0
<b>5. FY 2014-15 One-Time Appropriations</b>		
<u>Executive</u> removes spending authorization for various FY 2014-15 one-time appropriations under Sec. 106 of \$18.7 million Gross (\$17.5 million GF/GP), subsequent to the \$500,000 GF/GP reduction to the Local Public Safety Initiative under E.O. 2015-5. Also, removes \$16.5 million Gross (\$14.0 million GF/GP) in spending authorization appropriated by 2014 PA 356 for disaster assistance (\$3.0 million GF/GP of which was subsequently transferred to the Disaster and Emergency Contingency Fund by HB 4112), subsequent to the \$16.0 million GF/GP lapse recognized by E.O. 2015-5. <u>House</u> concurs in part, but retains \$500,000 of authorized GF/GP for MSP-provided traffic control at the Michigan International Speedway (see boilerplate Sec. 701). MSP is currently analyzing sexual assault kit evidence within the 90 day standard, excluding time spent creating and uploading DNA profiles, yet anticipates the number of sexual assault kits submitted for analysis to increase consequent to the enactment of 2014 PA 227. <u>House</u> concurs (see boilerplate Sec. 415).	<b>Gross \$48,155,800</b>	<b>\$1,649,600</b>

<u>Executive</u> increases spending authorization for the MSP to expend the fees collected from local law enforcement agencies (\$200/officer, \$150/jail bed) utilizing the State Records Management System (SRMS), which facilitates the sharing of certain information between law enforcement agencies and sworn officers. The SRMS was created via a \$3.6 million grant awarded in 2013 by the Department of Treasury under the Competitive Grant Assistance Program to transfer the Area Records Management System (ARMS), then operated by the Saginaw County Sheriff's Office, to the MSP and expand the ARMS (renamed the SRMS) to interested law enforcement agencies statewide. ## **Major Boilerplate Changes From FY 2014-15**

**Overview**

The Transportation budget supports state and local highway programs, public transportation programs, aeronautics programs, and administration of the Michigan Department of Transportation (MDOT). Approximately two-thirds of the revenue in this budget comes from state restricted revenue, with approximately one-third from federal sources. Most of the state-restricted revenue in this budget is constitutionally restricted – from motor fuel taxes and vehicle registration taxes – and is first credited to the Michigan Transportation Fund (MTF) and then distributed in accordance with 1951 PA 51 (Act 51) to other state transportation funds and programs, including the State Trunkline Fund (STF) and the Comprehensive Transportation Fund (CTF), and to local road agencies. Revenue related to taxes on aviation fuel and aircraft registrations is credited to the State Aeronautics Fund (SAF) for aeronautics programs.
