**ENVIRONMENTAL QUALITY**

**1. Drinking Water Declaration of Emergency – One-Time**

Provides \$817,000 Gross (\$340,000 GF/GP) to address the Drinking Water Declaration of Emergency. This funding will be used for a water distribution optimization analysis which will evaluate water distribution processes, corrosion control treatment, and any technical gaps. Standard operating procedures will also be developed and training provided to operations staff. A total of \$477,000 in restricted funding will come from the Drinking Water Declaration of Emergency Reserve Fund.

**Gross \$817,000**  
 Restricted 477,000  
 GF/GP \$340,000

**2. Muskegon Cleanup Site (Zephyr Refinery Oil Spill)**

Re-appropriates \$6.0 million GF/GP funding to provide full-scale environmental remediation at the site of the Zephyr Refinery oil spill in Muskegon County. This appropriation was originally included in the FY 2011-12 budget (2011 PA 63) but the funds have not been expended. These funds are also intended to leverage additional federal support.

**Gross \$6,000,000**  
 GF/GP \$6,000,000

**3. Drinking Water Declaration of Emergency – Pipe Replacement Date Revision**

Includes a net \$0 Gross re-appropriation of line-item funding in order to amend current year boilerplate related to extending the lead pipe replacement completion date (see Section 303).

**Gross \$0**  
 GF/GP \$0

**HEALTH AND HUMAN SERVICES**

**4. Child Care Fund**

<b>5. Groundwater Contamination Boilerplate Correction</b>	<b>Gross</b> <b>\$0</b>
Includes a net \$0 Gross re-appropriation of line item funding in order to apply a correction to related boilerplate for a groundwater contamination project in Iosco Township originally appropriated in 2016 PA 268, Article XX (see Section 402).	GF/GP                        \$0
<b>LICENSING AND REGULATORY AFFAIRS</b>	
<b>6. Flint Declaration of Emergency</b>	<b>Gross</b> <b>(\$340,000)</b>
Transfers \$340,000 in GF/GP funds from the Department of Licensing and Regulatory Affairs (LARA) to the Department of Environmental Quality (DEQ) to support infrastructure study. The original appropriation was made to LARA for the replacement of plumbing and fixtures in the Flint Declaration of Emergency line item. The funds will be used by the DEQ to support a water distribution optimization analysis. The remainder of the \$2.0 million original appropriation to LARA is pending work project approval and would be available to cover all known plumbing and fixture replacements.	GF/GP                        (\$340,000)
<b>MILITARY AND VETERANS AFFAIRS</b>	
<b>7. National Guard Deployment to Flint</b>	<b>Gross</b> <b>\$500,000</b>
Includes \$500,000 from the Drinking Water Declaration of Emergency Reserve Fund to cover the costs incurred by the activation of the Michigan National Guard to support Flint water emergency relief efforts.	Restricted                    500,000
<b>TRANSPORTATION</b>	
<b>8. Transportation Economic Development Fund – Rural County Primary</b>	<b>Gross</b> <b>\$2,000,000</b>
Section 115 of Article XX in Public Act 268 of 2016 included a FY 2015-16 supplemental appropriation of \$2.0 million for a special road project defined in Section 901 of that Article. Funding for the project was made available from a \$2.0 million reduction in the Rural County Primary line item. This FY 2015-16 supplemental appropriation of \$2.0 million GF/GP would restore funding for the Rural County Primary line item to the amount established under the TEDF authorizing statute, Public Act 231 of 1987. **FY 2015-16 Supplemental Boilerplate Items**

**ENVIRONMENTAL QUALITY**

**Sec. 301. Drinking Water Declaration of Emergency – One-Time**

Funding to support the Drinking Water Declaration of Emergency is considered a work project appropriation; unencumbered or unallotted funds will carryforward to the succeeding fiscal year. The projects will be accomplished by contract and have a tentative completion date of September 30, 2020.

**Sec. 302. Muskegon Cleanup Site (Zephyr Refinery Oil Spill)**

Unexpended funding totaling \$6.0 million GF/GP from FY 2011-12 to clean up the contaminated Zephyr refinery site in Muskegon County is appropriated for FY 2015-16 and is considered a work project appropriation; unencumbered or unallotted funds will carryforward to the succeeding fiscal year. The projects will be accomplished by contract and have a tentative completion date of September 30, 2020.

**Sec. 303. Drinking Water Declaration of Emergency – Pipe Replacement Date Revision**

Section 503 in the current Environmental Quality budget sets conditions on how the appropriation for Drinking Water Declaration of Emergency may be expended, sets the date for the completion of lead pipe replacement as September 30, 2017, and sets the date for a final audit of the use of these funds as January 1, 2018. This new boilerplate section corrects these dates. The lead pipe replacement completion date is extended to September 30, 2019 and the final audit date is extended to January 1, 2020. Boilerplate section 503 in the current public act is repealed.

## **FY 2015-16 Supplemental Boilerplate Items**

### **HEALTH AND HUMAN SERVICES**

#### ***Sec. 401. Child Care Fund***

Requires DHHS to reimburse by January 15, 2017 all outstanding FY 2015-16 Child Care Fund claims that were submitted to the department by December 1, 2016. All eligible outstanding claims submitted after December 1, 2016 shall be reimbursed within 45 days after submission.

#### ***Sec. 402. Groundwater Contamination Boilerplate Correction***

Revises current law FY 2015-16 boilerplate related to a \$1.0 million GF/GP supplemental appropriation to address public health needs resulting from groundwater contamination in Oscoda Township (2016 PA 268, Article XX). The township is located in Iosco County and the revised language corrects the reference to the subject county as being a county with fewer than 26,000 residents, rather than 8,700 residents, which was an incorrect reference to Oscoda County. The current law boilerplate, Section 305 of Act 268 of 2016, Article XX, is repealed.

### **TALENT AND ECONOMIC DEVELOPMENT – MICHIGAN STATE HOUSING DEVELOPMENT AUTHORITY**

#### ***Sec. 501. Mortgage Foreclosure Settlement Funds Repurposing and Work Project Reauthorizations***

Provides work project authorization for \$3.6 million appropriated for blight elimination. Funding would be provided from unexpended and unencumbered funding originally appropriated to support foreclosure counseling and legal aid for homeowners, assistance to homebuyers, Home Affordable Refinance Program grants, Home Protection Unit, and veterans and community outreach in 2012 PA 296 and 2014 PA 34. Provides work project reauthorization for the remaining balance in the following Mortgage Foreclosure Settlement work project appropriations originally appropriated in 2012 PA 296 and 2014 PA 34:

- Michigan Housing and Community Development Program – includes a total of \$478,800 for the Michigan Housing and Community Development Program operated by the Michigan State Housing Development Authority. Approximately \$401,700 is available from remaining funds appropriated for the Michigan Housing and Community Development Program in 2012 PA 296. An additional \$77,100, the remaining balance in the Michigan Housing and Community Development Fund, would be appropriated to supplement the Michigan Housing and Community Development Program.
- Blight elimination – includes a total of \$1.3 million for blight elimination originally appropriated in 2012 PA 296 and 2014 PA 34. Funding would be appropriated to the Land Bank Fast Track Fund for use by the Land Bank Fast Track Authority for blight elimination projects.

The projects will be accomplished by state employees, by grant, and by contract and have a tentative completion date of September 30, 2020.

### **TREASURY**

#### ***Sec. 601. Foreclosure Rescue Scam Victim Restitution Work Project Reauthorization***

Provides work project reauthorization for the remaining balance appropriated in 2012 PA 296 for foreclosure rescue scam victim restitution. Remaining balance totals \$3.7 million. Funds will continue to support claims for victims of foreclosure-related crimes. Lawsuits are ongoing and will require future payment. The projects will be accomplished by state employees, by grant, and by contract. The tentative completion date is September 30, 2020.

#### ***Sec. 602. Water Bill Credit Reimbursement – Stipulations***

Replaces and amends the boilerplate language to extend the credit date from December 31, 2016 to March 31, 2017 and changes the date funds lapse to the General Fund from December 31, 2016 to May 31, 2017. The current law boilerplate, Section 1002 of Article XXI, 2016 PA 268, is repealed.

**FY 2016-17 Supplemental Appropriation Items**

**AGRICULTURE AND RURAL DEVELOPMENT**

**1. Environmental Stewardship/MAEAP**

Provides \$1.5 million in additional spending authority from the state restricted Freshwater Protection Fund for various Michigan Agriculture Environmental Assurance Program (MAEAP) activities. MAEAP is established and defined in Section 87 of Michigan's Natural Resources and Environmental Protection Act (NREPA). Section 87 of NREPA also establishes the restricted Freshwater Protection Fund and the water quality protection fees that support the fund. Public Act 118 of 2015 recently made a number of changes to MAEAP and to the related fees and fund supporting the program.

**2. Farmland and Open Space Preservation**

The request would authorize an additional 3.0 FTE positions - described by the SBO as limited term - as well as additional spending authority from the Agriculture Preservation Fund. The additional support is intended to help clear up a backlog in processing tax credit applications under the program, commonly referred to as the PA 116 Program. This program grants tax credits to qualified farmers and landowners who agree to restrictions on development rights. The enacted budget had authorized 7.0 FTE positions and \$1.4 million Gross (\$327,700 GF/GP) in spending authority. Additional restricted revenue had been provided as a result of Public Acts 265 – 267 of 2016.

**CAPITAL OUTLAY – CONSTRUCTION AUTHORIZATIONS**

**4. Department of Military and Veterans Affairs – Grand Rapids and Detroit Veterans Home Construction**

Provides construction authorization for new veterans homes in Grand Rapids and Detroit. Total project cost is \$108.0 million. Federal share is \$66.0 million; state share is \$42.1 million. The project would include the construction of two new veterans homes – one located in Grand Rapids at the site of the current Grand Rapids Home for Veterans, and one at a yet to be determined location in the City of Detroit. The design elements of the two homes will be uniform. Both projects will include 120-bed facilities totaling approximately 132,000 sq. ft. containing a central community center for meals, programming and related services connected via corridors to small community-based residential living areas. The configuration of the design model will be site specific depending on the size and shape of the parcel, topography, and location of utilities and other services. Expected completion date for both sites is May 2019.

**Gross \$100**  
 GF/GP \$100

**5. Southwestern Michigan College – Nursing and Health Education Building Renovation and Expansion**

Provides construction authorization for the Southwestern Michigan College - Nursing and Health Education Building renovation and expansion project. Total project cost is \$9.6 million. College share is \$5.6 million; state share \$4.0 million. The project would include the renovation of the original 12,000 sq. ft. structure by using selective site and building demolition; replacing exterior cladding, windows, and roofing; energy efficiency upgrades; reallocation of interior spaces by removing and adding partition walls; new handicap accessible restrooms; interior finishes for walls, floors, and ceilings; replacement of mechanical, plumbing, and electrical systems; and site improvements and landscaping. The 10,000 sq. ft. addition would add significant instructional space, simulation labs, and lecture space. The project received planning authorization in Article II, 2016 PA 268. Since planning authorization was received, the total cost of the project increased by \$1.6 million due to the necessary asbestos abatement that was discovered during the professional planning process. The entire \$1.6 million will be covered by the college.

<b>8. Contaminated Site Investigation, Cleanup, and Revitalization (Vapor Intrusion)</b>		
Provides \$1.3 million GF/GP funding and 4.0 FTEs to address vapor intrusion. Vapor intrusion is the migration of chemical vapors from contaminated groundwater or soil into the buildings above. This funding will be used to conduct early mitigation on at-risk structures, provide staff to evaluate and mitigate known vapor intrusion sites, and provide staff to evaluate and mitigate human exposure to vapor intrusion going forward.	FTEs <b>Gross</b> GF/GP	4.0 <b>\$1,312,000</b> \$1,312,000
<b>9. Saginaw River Dredging Project – Phase I</b>		
Provides \$225,000 GF/GP funding for costs associated with an ongoing dredging project in the Saginaw River. The current FY 2016-17 budget includes \$50,000 GF/GP funding for this purpose.	<b>Gross</b> GF/GP	<b>\$225,000</b> \$225,000
<b>HEALTH AND HUMAN SERVICES</b>		
<b>10. Hope Network</b>		
Allocates \$500,000 funding from the Community Services and Outreach Administration line item to Hope Network, a nonprofit organization that operates the Michigan Education Corps. Also includes a net \$0 Gross reappropriation of line item funding to include related boilerplate that directs \$250,000 of current-year funding to Hope Network for job training for individuals with developmental disabilities (see Section 1701).	<b>Gross</b> GF/GP	<b>\$500,000</b> \$500,000
<b>11. Supplemental County Payments</b>		
Provides \$5.0 million GF/GP to fund supplemental payments to counties and tribes for certain FY 2015-16 Child Care Fund expenditures that were not reimbursed by DHHS because of changes in the department's reimbursement standards that were implemented during the year.	<b>Gross</b> GF/GP	<b>\$5,000,000</b> \$5,000,000
<b>12. Transitional Population Services</b>		
Provides \$1.0 million GF/GP that will be shared with various state agencies and will include support for the following: bilingual caseworker staff in DHHS county offices with high local transitional and refugee populations, Michigan International Talent Solutions (MITS) Program to help skilled permanent work-authorized immigrants work in their profession, adult English as a second language programs, and resettlement support, including a multicultural intake center in Detroit.	<b>Gross</b> GF/GP	<b>\$1,000,000</b> \$1,000,000
<b>13. Low-Income Home Energy Assistance Program (LIHEAP) – Heat and Eat Funding</b>		
Provides \$6.8 million GF/GP to support participation in the Heat and Eat Program. The LIHEAP line item is increased by \$6.8 million GF/GP to fund energy assistance payments of \$20.01 to an estimated 338,173 Food Assistance Program (FAP) cases to give them the Standard Utility Allowance making them eligible for additional FAP benefits. Due to caseload reductions, the FAP line item is expected to hold sufficient federal funding authorization to recognize the additional FAP benefits that would be received (estimated as an average monthly increase of \$76.73 per case for a total annual increase of up to \$309.8 million additional FAP benefits). Boilerplate language is included to allocate the \$6.8 million federal funding for \$20.01 payments to certain FAP recipients (see Section 1704).	<b>Gross</b> GF/GP	<b>\$6,766,800</b> \$6,766,800
<b>14. New Vapor Intrusion Response Office – Epidemiology Administration</b>		
Provides \$1.4 million GF/GP and 8.5 FTEs to establish a new Vapor Intrusion Response Office to address the emerging public health issue of migration of chemical vapors from soil or water into buildings, contaminating indoor air. Funding supports technical assistance to DEQ and local health departments, toxicology exposure analysis, exams for affected persons, and temporary housing when evacuations are recommended to eliminate exposure. Three separate incidents occurred recently in Grand Rapids. Total number of possible risk sites are estimated at 3,000. See also companion program proposed in DEQ in this supplemental.	FTEs <b>Gross</b> GF/GP	8.5 <b>\$1,368,800</b> \$1,368,800
<b>15. Public Health Drinking Water Office – Epidemiology Administration</b>		
Provides \$1.4 million GF/GP and 6.5 FTEs as initial startup funding to re-establish a Public Health Drinking Water Office to respond when DEQ identifies contaminants in drinking water. Funding supports investigation, toxicology, data analysis, education and outreach, and replacement of faucets and plumbing in contaminated private residences. **19. Healthy Kids Dental Utilization Increase**

Provides \$27.5 million Gross (\$9.6 million GF/GP) to support increased managed care rates certified by an independent actuary for the program. The Healthy Kids Dental Program experienced higher costs than reflected in the FY 2015-16 rates based on higher utilization in the newly expanded counties than historic utilization in the non-expanded counties. These costs are offset by reducing the Hospitals Services and Therapy line by a like amount.

**20. Authority Health Graduate Medical Education (GME) Funding**

Provides \$2.8 million Gross (\$1.4 million GF/GP) for Authority Health’s community-based primary care residency training program. The federal Health Resources & Services Administration (HRSA) originally provided Authority Health Teaching Health Center GME funds at an amount of \$150,000 per resident, but in FY 2014-15 that amount was reduced to \$110,000 per resident. It is anticipated that Congress will reauthorize this program at \$150,000 per resident for FY 2017, so these funds would be used to offset the program’s current shortfall until Congress reauthorizes the Teaching Health Center GME Program.
