Hello,

This email is in reference to my support for HB 4063 on the Firefighters Cancer Presumption Act. I fully believe that it is only right to include ALL firefighters in the State of Michigan to be covered by this bill. Volunteer or paid on call firefighters are experiencing the same risks as the fulltime folks every time we respond to a fire. To not support ALL firefighters with this bill is a complete injustice to the largest number of firefighters that protect the majority of small towns and townships in Michigan. The majority of these folks are on duty as a firefighter 24/7 365. Why shouldn't they be included??

Thank you,

Michael L. Olthof, Fire Chief

Committee Clerk Dakota Soda,

I encourage everyone to support HB 4063. This bill will support and protect our Firefighters from the dangers they are confronted with possibly on a daily basis. Whether full time, paid on call or volunteer, our Firefighters need the confidence that if they contract cancer, that their medical expenses will be covered. We put our lives at risk every day, please support us.

I fully support this bill (HB 4063) and would hope you do also.

I am verry much in **support of HB 4063** which will be presented in the house today. Having a department with nearly 60 paid-on call members, I believe this bill should cover ALL firefighters who are engaged in this profession. Fire does not discriminate against them because they are not doing this as a full-time profession and the Cancer Presumption Act should not discriminate them either.

Thank you for all that you are doing in Lansing!

Don Munn

Distinguished Committee Members,

My Name is Thomas Rowley and I reside at 53072 Pine Creek Dr., Chesterfield Twp. MI, 48047. I support HB 4063 as I believe ALL firefighters should be covered by the cancer presumption. Whether firefighters are fulltime, part time, paid on call or volunteer we are all exposed to the same cancer causing agents found in the environment we work in. So I ask that you please pass HB 4063 and show your support for the men and women of the fire service who risk their own well-being to protect the residents and visitors of this great State. Thank you for your time and consideration on this matter.

Dakota Soda

From: Chris Tinney <C.Tinney@cityofholland.com>
Sent: Thursday, November 12, 2020 9:14 AM
To: Dakota Soda
Subject: House Insurance: Support for HB4063

Hello,

My name is Chris Tinney, I am a resident of the City of Holland. I am writing to express my support for HB 4063. Having been a firefighter for over 28 years I have seen at least 3 of my co-workers develop cancers that have a very high probability of being caused by their occupational exposure to carcinogens. On behalf of Dave, Mike and Ted, who is no longer with us, I am encouraging bi-partisan support for this bill. Cancer doesn't just effect full time firefighters but also those that support their communities as volunteers, paid on call and part time firefighters. This bill provides a mechanism to support and assist anyone engaged in this noble trade and is a step in the right direction. We need to also make sure that provisions of the bill are funded in a sustainable way.

Thank you in advance for your anticipated cooperation.

Respectfully,

Christopher M. Tinney

I am certainly in support of HB 4063. As a retired career firefighter and Chief and a current Chief of a combination fire department I can say with confidence that ALL firefighters are exposed to the same dangers, hazards and potential long term effects of this profession. Fire and burning materials do not discern the differences in the human responders they affect as to whether they are fulltime, parttime or paid on call.

Subject: HB 4063

Hello,

My name is James Smielewski.

I have been in the fire service for 30 years in Michigan and while serving in the Marine Corps in North Carolina. I have followed my father, Larry Smielewski into the fire service with his time serving his community of Auburn Heights/Pontiac Twp. (now Auburn Hills) as a volunteer/paid-on-call firefighter beginning in 1972.

Since his retirement from the department he has battled both prostate and bladder cancer. Though he cannot directly attribute his cancers to firefighting, he was told by the doctors the bladder cancer is due environmental contact.

I fully support HB 4063.

Thank you for your time

Dakota Soda;

I am sending this message in support of HB 4063 to add all cancer presumption for all firefighters. HOUSE INSURANCE is long over due, in my opinion.

Cancer is just as severe to paid-on-call and volunteer firefighters as career firefighters.

Thank you,

George Scrimger
