**Subject:** House Bill 5700 (2022)

To Whom it may concern,

We have an aerial application business in Reese, Michigan. We meet the crop dusting needs of the farmers in the Thumb and Saginaw Valley area.

We would like to submit a letter of opposition to House Bill 5700. Out of state applicators should not have less stringent regulations than in state operators. This is bad for Michigan business and bad for the farmers. According to this bill, operators are not being properly vetted. Please rewrite this bill to protect the business owners of Michigan aerial agriculture operators and the customers who use them.

Sincerely,

Trennis Vaughn  
Owner/operator/pilot
