

As one of the state's largest employers, landowners and taxpayers, we are committed to Michigan's prosperity. In 2020, we:

**Caring for the  
communities  
we serve**

- Paid **\$565 million** in state and local taxes.
- Gave over **\$19 million** to Michigan nonprofits. That includes donations from the Consumers Energy Foundation, Consumers Energy and its employees and retirees.
- Spent nearly **\$1.4 billion** with Michigan businesses through the state's Pure Michigan Business Connect Program.
- Helped Michigan customers save more than **\$690 million** through our energy efficiency programs. Since 2009, these savings total more than **\$3.9 billion**.
- Spent **\$2.3 billion** for infrastructure replacement, additions and upgrades statewide – and nearly **\$1 billion** on operations and maintenance expenses.

## Representative Helena Scott District 7

**We're committed to creating a sustainable energy future for Michigan.**

That means tapping more of the affordable, reliable energy we supply to customers from renewable sources such as wind and solar.

We have a Clean Energy Plan to help achieve net zero carbon emissions and end coal use by 2040.

As one of the state's largest employers, landowners and taxpayers, we are committed to Michigan's prosperity. In 2020, we:

**Caring for the communities we serve**

- Paid **\$565 million** in state and local taxes.
- Gave over **\$19 million** to Michigan nonprofits. That includes donations from the Consumers Energy Foundation, Consumers Energy and its employees and retirees.
- Spent nearly **\$1.4 billion** with Michigan businesses through the state's Pure Michigan Business Connect Program.
- Helped Michigan customers save more than **\$690 million** through our energy efficiency programs. Since 2009, these savings total more than **\$3.9 billion**.
- Spent **\$2.3 billion** for infrastructure replacement, additions and upgrades statewide – and nearly **\$1 billion** on operations and maintenance expenses.

- Helped Michigan customers save **\$539 million** through our energy efficiency programs. Since 2009, those savings total more than **\$2 billion**.
- Spent **\$2 billion** on infrastructure replacement, additions and upgrades statewide – and **\$1 billion** on operations and maintenance expenses.

## Representative Greg Markkanen District 110

**We're committed to creating a sustainable energy future for Michigan.**

That means tapping more of the affordable, reliable energy we supply to customers from renewable sources such as wind and solar.

We've also announced plans to reduce carbon emissions by 90 percent and stop using coal as a fuel source by 2040.
