MCEDSV Position on HB 4159, 4160

The Michigan Coalition to End Domestic and Sexual Violence (MCEDSV) is the member organization representing over 70 local agencies and shelters serving survivors of crimes such as stalking, harassment, and sexual exploitation. MCEDSV opposes HB 4159 and 4160 as introduced but supports the concept and looks forward to working with the bill sponsors and committee members to address those concerns.
