Subject: Support of House bills 4567, 4568, 4569

I want to voice my support of House bills 4567, 4568 and 4569 to limit commercial fishing in our state. The risk it poses far outweighs any reward. The sport fishing industry generates far more money for our state and should be protected.

Thank you,
Tom Varsel

To whom it may concern,
Hello, my name is Michelle Radlinski. I live in Port Austin, Michigan. I am in support of Commercial fishing in the Great Lakes and oppose HB 4567,4568,4569. I wish to buy fish caught in my local waters from local commercial fisherman. Please oppose these in consideration of our local commercial fishermen and women. Thank You
