[You don't often get email from eagle1chopper@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

I respect those that choose to serve at all levels of government, community and our Great Nation. I ask that as an elected representative of Michigan please remember to represent everyone!

Don't forget the majority of law abiding citizens when you openly debate issues. Look at the success stories in other States and focus on the failures of laws that have failed their constituents. We have so many laws and yet in my long life I have seen hardened criminals that have broken gun laws plea bargain charges down and walk free. They walk free to break more laws and all too often terrorize, rape, rob and kill.

I don't know anyone that doesn't cringe and get angry when we hear of another human being killed or having there life destroyed by road rage, robbery, drunkenness, being beaten to death, stabbed or murdered with a firearm.

I respect my fellow man their rights and freedom that I fought for in combat. I grew up when we didn't lock our doors, we had firearms in our vehicles at high school in the parking lots. We openly traded, sold firearms and went to the dump or gravel pit after school to target practice. I raised my daughters to respect others, firearms and the law. We went to the range to target practice regularly and I'm proud to say they have done the same with their children.

Partisan politics doesn't have a place in America! Earn the respect of the majority of those you represent. Don't pass knee jerk, feel good laws! Meet with judges, law enforcement and prosecutors to change things that are wrong first. Don't just look for that blip on the news with your name.

Dear Representative

I am pleading with you to deny or circumvent any attempt to change, amend and/or limit our gun laws.

I, along with many others, will be watching how each and everyone one of you vote. We the people, will use our votes to remove those from office who knowingly enfringe upon our rights.

Our prayers are that all elected officials will protect our 2nd Amendment rights and NOT enfringe upon those rights. Vote NO on any and all gun law bill/proposal.

Sincerely

Len Burns
