HB 5679 .

Michiganders Vs The State of Michigan SORA

My name is Tanya Armstorng I am the girlfriend of a registered offender.. He was convicted of 2nd degree csc without penetration March 19 , 2007.

He successfully completed everything assessments clases and parole. He has been faithfully registering and paying his yearly dues on time since his release from prison in 2009. He has been approved by our local state cops city cops and county cops and child protective services to be around children. I have 4 children , He is not their father but has been their father figure for the last almost 5 yrs. He goes to all parent teacher confrences all school activities everything you name it..

He has been threathend and name called and many other things because of being on the registry. He has had no luck finding a job because of his offense.. He has paid his dues. He has been a law abinding citizen. He has not reoffended . he has not committed any other crimes. he is not a habitual offender. I myself have been verbally attacked by other people because I am dating an offender.. He has not had any luck finding any jobs because of his offense. I am the sole income for our house hold of 6. I truly believe that if he was removed from the registry it would make our lives better.. I know that life isnt always fair.. But this registry is more of a double jepoardy and really hurts people mroe than it helps them. The registry will not stop a person from reoffending..

My boyfriend is an avid hunter. He loves to Hunt. However because of his felony ( the csc ) the only thing he can hunt with is a cross bow. He can not own any rifles.. I can not own any hand guns or anything of the sort because of his felony. Yes I know I chose this life with him. I will forever more choose a life with him regardless.

Sincerely.

Tanya Armstrong
