### DATA SUMMARY

*The data in this searchable database include information on NCAA member schools' student-athletes, coaches and administrators. The data are from 2008 to 2018. Published December 2018.*

**Data Source:** The data in this system include self-reported data from active NCAA members schools' NCAA Sport Sponsorship and Demographics Forms.

**Data Notes:** The gender, race and ethnicity for all coaching and administrative positions within the athletics department were reported for each school. Coaching staff includes both full- and part-time positions and volunteers. Individuals with multiple administrative or coaching duties are counted for each position. Therefore, the total percentages reported in the tables reflect the number of positions, not necessarily the total number of individuals.
