**Attachments:** mcl-330-1712\_Individualized Written Plan of Services.pdf; MHC\_Neglect Def\_2019-HIB-5298.pdf

Please consider requesting the MI Dept. of Education to provide the legislature a comprehensive written review of the minimum legal standards for "Mental Health Assessments" that are administered on school campuses through the MI Department of Education including the current minimum standards under MCL 330.1712; Individualized Written Plan of Services and the Definition of Neglect under the MI Mental Health Code.

It's my understanding that the current mental health assessments at Gwinn High School and Northern Michigan University "do not" assess for a recipients "needs for legal services" such as court ordered custody/parenting time violations as a "Court Ordered Standard of Care". Feb. 2, 2021

Thank you, James Gallant, Marquette County Suicide Prevention Coalition (906) 360-7347
