

Dear House Members of the Tax Policy Committee:

As a citizen of the Great State of Michigan and an elected public servant such as yourselves, I am writing to express support for HBs 5267 and 4270.

These important pieces of legislation will help our fellow citizens more easily afford the medical necessities they need to lead their best lives by ending an unfair sales tax in Michigan. The elimination of this tax burden will directly help families struggling to afford other necessities like food, clothing, and housing.

I applaud the House Tax Policy Committee, and Chairperson Matt Hall, for taking up these bills on behalf of the citizens of Michigan. By voting to advance these bills to the full House, you are moving Michigan closer to a fair tax system for all.

Sincerely,
