

Honorable Chair B. Carter and members of Insurance and Financial Services:

As a former legislator in 2019, I remember so well the legislators who for whatever reasons ignored the cries of Representatives Isaac Robinson, Sherry Gay-Dagnogo, and Cynthia A Johnson good and factual reasons why the insurance legislation should have been a no vote. Some on this insurance committee, voted yes on that awful legislation. Today, each and every one of you have an opportunity to do the right thing. If this meeting today is only to go through the motions of a hearing, please don't do that.

Today is the day for you to listen to the people. There should not be any concern as to whether or not you are making a right decision when people are still suffering under the mistakes of 2019. Do the right thing and vote on this legislation today so that it can get on the floor by 12:00pm TODAY, so that it can be voted on floor today. Then sent to the governor's office today.

Do the right thing and vote today.

Best Regards
Cynthia A Johnson
