

I am writing this letter in support of the Second Look Bill. My name is Christine Bednar and I once was incarcerated for 17 years. While there, I met some really amazing individuals. One specifically being Donnell Jo Miracle #234256. She has been incarcerated for 32 years. She has definitely done her time and has done it the right way. Always looking to better herself and helping others. I wholeheartedly believe that Donnell will make a huge difference in this world, if given the chance. I don't believe that our past defines us! I believe that what we learned from our past and how we move forward defines who we are. And that's the way Donnell Miracle thinks. She's a dental lab technician and can continue with that trade out in the world and succeed greatly. She has an amazing support system, full of individuals that are willing to go above and beyond to be there for her.

Sincerely,

Christine Bednar
