Ian:

FAN met me at my lowest—homeless, addicted, and hopeless. I met with their outreach team every week to receive clean supplies and basic medical care. They helped me through countless recovery attempts, jail visits, and job interviews. Their peer coaches showed me what life beyond addiction could look like. Today, I'm a father in recovery, living with purpose. FAN didn't just save my life—they helped me rebuild it.

Zach and Barb

When we first met the FAN outreach team, we were living in a tent and struggling just to survive. Without a phone, we felt trapped and isolated, but Ari and Chelsea from the HARMLESS team, along with our peer recovery coach and case manager, never gave up on us. They brought us a tent twice, gave us sleeping bags during the cold winter months, and encouraged us to believe that we deserved better. With their constant support, we're now five months into recovery, have housing, jobs, and a future filled with hope. I will never be able to repay what they've done for us.
