Alpena Community College is seeking legislative directed spending to complete fundraising for a \$4.7 million student housing project that will add 34 additional beds to the existing 64 beds owned and operated by ACC. Ten of the 34 beds are designed for accessible use. Demand for additional student housing derives from four main sources: 1) enrollment demand from unique and popular occupational programs ACC offers, such as Utility lineworkers, Concrete tech, and Nursing; 2) increased enrollment from dual enrollment, Early Middle College, and athletics; 3) limited to no supply of off-campus

rental units in downtown Alpena; and 4) demand during the summer for economic development partnerships tied to area employers such as Holcim, NOAA researchers, and public safety training programs (fire and corrections officer training). ACC will match the state funding dollar-for-dollar from its own fundraising efforts.
