8. Purpose of the legislatively directed spending item. Please include how it provides a public benefit and why it is an appropriate use of taxpayer funding. Please also demonstrate that the item does not violate Article IV, S 30 of the Michigan Constitution.
In order to save taxpayer dollars, the City of Escanaba has a goal to replace deficient water mains and replace lead service lines in coordination with an MDOT project that will be underway to reconstruct US2 in Escanaba. There are businesses without water and sewer along the highway and there are areas that lack fire flows. Coordination between the City and MDOT will save taxpayers millions of dollars, but the project will cost an estimated \$8 million. The city has attempted to use state SRF funding, but MDOT & SRF timelines do not align. Without state support, the city will face a significant debt burden,

along with dealing with complications from other mandated work. The city has received some federal funding and has applied for additional federal resources.
