Installation of fermenter equipment that will aid in the pre-treatment as the Genesee County Drain Commission utilizes a newly built digester at thier plant. This increases the efficiency of thier digester equipment, allows more versatility as they aim to increase renewable energy output, and has potential cost savings to our residents.

This funding request complies with Article IV, Section 30 of the Michigan Constitution, which prohibits state appropriations to private entities unless a valid public purpose is

served. The installation of fermenter equipment is a clear public infrastructure improvement that directly benefits all residents of Genesee County and does not provide financial gain to a private entity.
