

HOUSE of REPRESENTATIVES

STATE OF MICHIGAN

Appropriations Requests for Legislatively Directed Spending Items

1. The sponsoring representative's first name:
Jasper
2. The sponsoring representative's last name:
Martus
3. The cosponsoring representatives' names. All cosponsors must be listed. If none, please type 'n/a.' A signed letter from the sponsor approving the co-sponsorship and a signed letter from the member wishing to co-sponsor are required. Attach letters at question #9 below.
To be added
4. Name of the entity that the spending item is intended for:
Critical Response Group (CRG)
5. Physical address of the entity that the spending item is intended for:
200 American Metro Blvd #113, Hamilton Twp, NJ 08619
6. If there is not a specific recipient, the intended location of the project or activity:
The grant would not go directly to CRG but instead would be available to anyone who can meet boilerplate requirements.
7. Name of the representative and the district number where the legislatively directed spending item is located:
The grant would not go directly to CRG but instead would be available to anyone who can meet boilerplate requirements.
8. Purpose of the legislatively directed spending item. Please include how it provides a public benefit and why it is an appropriate use of taxpayer funding. Please also demonstrate that the item does not violate Article IV, S 30 of the Michigan Constitution. Critical Incident mapping provides first responders with an important communications tool when responding to incidents, whether they be medical emergencies, active shooters, or any other type of activity that requires an active response.

Over the past several years, CRG has mapped hundreds of school buildings across the

state. For this year's budget, we would set up a grant fund through state police that would allow county emergency management teams to apply for dollars to map critical infrastructure they identify locally as needing a mapping solution.

The amount of state funding requested for the legislatively directed spending item.
\$2 million

Has the legislatively directed spending item previously received any of the following types of funding? Check all that apply: Federal, State, Local, Private, None

CRG has not received direct appropriations from the state but has been a leader in the mapping industry for previous programs that were used to map K-12 schools, community colleges, and universities.

9. Attach documents here if needed:

Attachments added to the end of this file.

10. The amount of state funding requested for the legislatively directed spending item.
2000000

11. Has the legislatively directed spending item previously received any of the following types of funding? Check all that apply.
["None"]

12. Please select one of the following groups that describes the entity requesting the legislatively directed spending item:
Local unit government

13. For a non-profit organization, has the organization been operating within Michigan for the preceding 36 months?
Not applicable

14. For a non-profit organization, has the entity had a physical office within Michigan for the preceding 12 months?
Not applicable

15. For a non-profit organization, does the organization have a board of directors?
Not applicable

16. For a non-profit organization, list all the active members on the organization's board of directors and any other officers. If this question is not applicable, please type 'n/a.'
n/a

17. "I certify that neither the sponsoring representative nor the sponsoring representative's staff or immediate family has a direct or indirect pecuniary interest in the legislatively directed spending item."

Yes, this is correct

18. Anticipated start and end dates for the legislatively directed spending item:

Work will begin as soon as grant dollars become available. It will likely take one fiscal year to spend them down.

19. "I hereby certify that all information provided in this request is true and accurate."

Yes

CRITICAL RESPONSE GROUP

America's Common Operating Picture®

Creating a Unified Map, Inside and Out

CRGs combine a gridded reference system, high-resolution imagery, floor plans, and critical features within a building and surrounding exterior areas to create a communication tool that is usable in a crisis and accessible by first responders through any preexisting software platform or smart device.

- ✓ Grid & Template
- ✓ Key Landmarks & Critical Features (AED, Gas, etc)
- ✓ Site Specific Labels and Nomenclature
- ✓ Highlighted Hallways, Stairwells, Doors, Exits
- ✓ GeoRelevant Integrated Floorplans
- ✓ Best Available Aerial Imagery

Integrating With Existing Technologies Deployed by Public Safety

CRGs seamlessly integrate **into the technology platforms public safety professionals deploy and trust**, which ensures that our maps are always there when needed.

Integrating With Existing Technologies Deployed Across Michigan

CRGs layer geo-relevant maps **into the existing safety and security platforms used at any location**, including emergency alert platforms, camera systems, and more.

Michigan Public Safety Critical Incident Mapping Grant

Critical infrastructure facilities, such as hospitals, courthouses, and government buildings, play a vital role in public safety and essential services. With complex layouts, multiple access points, and high-traffic areas, these sites present unique challenges for emergency responders. A well-prepared action plan ensures a swift, coordinated response to crises. By utilizing CRG's mapping solutions, agencies can enhance situational awareness and improve emergency outcomes.

Collaborative Response Graphic® (CRG®)

CRGs are simple visual communication and collaboration tools, useable under stress, to coordinate emergency response both outside and inside a building. CRGs enhance response time and improve command and control during an incident through common language and unified points of reference between internal security teams and response units.
