8. Purpose of the legislatively directed spending item. Please include how it provides a public benefit and why it is an appropriate use of taxpayer funding. Please also demonstrate that the item does not violate Article IV, S 30 of the Michigan Constitution. The requested funding supports critical upgrades to the baseball stadium at Heritage Park in Taylor, Michigan—home to the Junior League Baseball World Series since 1980. This facility hosts one of the premier international tournaments for 13- and 14-year-old athletes, drawing top teams from across the United States and around the world.

This investment provides clear public benefit by:

Promoting youth development and sportsmanship: The Junior League World Series is more than a sporting event; it fosters teamwork, discipline, and international camaraderie

among young athletes.

Stimulating local economic activity: The event brings in thousands of visitors, including players, families, and fans from various states and countries. These attendees support local hotels, restaurants, and small businesses, creating a ripple effect of economic growth within the community.

Enhancing community pride and visibility: As the only site in the world to host this international event, Taylor's Heritage Park serves as a symbol of local excellence and hospitality on a global stage.

Improving public recreational infrastructure: Facility improvements will benefit not only World Series participants but also the broader community, including local little league teams, recreational leagues, and park visitors throughout the year.

This request is an appropriate use of taxpayer funding as it invests in public recreational assets that are accessible and beneficial to the public at large. Importantly, it does not violate Article IV, Section 30 of the Michigan Constitution, which prohibits the appropriation of public money to private entities unless the appropriation serves a public purpose. In this case, the stadium is located in a public park and used for public benefit, including economic development, community engagement, and youth programming. The improvements funded by this request will remain under public ownership and serve public purposes, consistent with constitutional guidelines and legislative precedent.
