The current system is on the end stages of failure and threatening the pristine waters of Crystal Lake, which draws thousands of tourists and summer residents to the area. Crystal Lake also empties in to Lake Michigan. This will also help us expand capacity to keep up with the heavy growth of year-round permanent residents moving in to the area. If we have to do an assessment on the village residents, it will increase each resident an additional \$300 a month. This will hurt our residents, lower home values and hurt our struggling businesses.
