8. Purpose of the legislatively directed spending item. Please include how it provides a public benefit and why it is an appropriate use of taxpayer funding. Please also demonstrate that the item does not violate Article IV, S 30 of the Michigan Constitution. Jackson School of the Arts (JSA) is requesting \$50,000–\$60,000 in state appropriated funds to support operational costs that directly sustain equitable, community-based arts programming for children and families across Jackson County. As a nonprofit community arts center located in downtown Jackson, JSA serves 850–900 children weekly—primarily the same students throughout the school year—offering programs in dance, visual arts, and theater in a safe, nurturing, and inclusive environment. These funds would support:

- Sustainable staffing and compliance with Michigan labor laws, including living wage pay for all employees and full adherence to ESTA sick time accrual requirements. To ensure uninterrupted programming, JSA overstaffs its facility daily - providing backup coverage when staff utilize earned sick time, so no child goes without access to instruction. JSA currently employs more than 40 part-time instructors and staff, many of whom travel from across a 60-mile radius—including Lansing, Ann Arbor, and surrounding communities—underscoring their role in generating regional economic opportunity and cultural exchange.
- A sliding-scale tuition model based on Area Median Income, ensuring that all families have access to arts education at a rate aligned with their financial means. Additionally, JSA partners with trusted organizations such as the Jackson Interfaith Shelter, the City of Jackson’s MLK Center, and the Jackson County ISD to provide fully subsidized programs and 100% of necessary attire or materials to referred families with the greatest need.
- Ongoing operational expenses—utilities, facilities, and instructional support—that allow JSA to serve hundreds of families each week, employ a regional workforce, and maintain a vibrant downtown facility that anchors Jackson’s cultural economy. JSA also collaborates with organizations like Center Stage Jackson (by providing ultra-low-cost storage for statewide costume access), Jackson Symphony Orchestra (for cross-referrals and resource sharing), and Michigan Theater and Jackson College (through stage rentals that provide both student performance opportunities and rental income to these venues). By bringing 150–200 families into downtown Jackson each weekday evening and Saturday morning, they contribute directly to the foot traffic and economic vitality of downtown businesses.

This appropriation is an appropriate use of taxpayer dollars because it reinforces state goals in education, workforce development, and community revitalization. It ensures that families across income levels have access to meaningful, developmentally rich programming that uplifts children and contributes to Jackson’s growing cultural and economic momentum.

This request complies fully with Article IV, Section 30 of the Michigan Constitution. JSA is a nonprofit 501(c)(3) with no private or personal benefit to any legislator. Funds will be used exclusively for public benefit and are overseen by a governing board with independent fiscal controls in place.
