The Grosse Ile toll bridge is one of the two bridges Grosse Ile Township residents can use to get on and off the Island. For decades, the bridge was privately owned, but following a millage passed by Grosse Ile residents in November, the township was able to purchase and is now operating the bridge.
The bridge is in desperate need of repair to continue operating. As a more than century old piece of critical infrastructure, it is vital that the township has the support they need so they can continue to have reliable transportation.

As there are only two bridges that connect Grosse Ile to the Michigan mainland, it is especially important to maintain both bridges so there is always one available if the other is undergoing maintenance. Grosse Ile residents, and the entire Downriver community, rely on this bridge to work, go to school, and patronize local businesses and industry. The continued operation of the bridge will help generate economic activity across Michigan's entire 27th House District.
