The Middle Gibraltar Road Bridge at the Frank and Poet Drain structure number 11997, whose rated condition is "poor – critical," is in dire need of significant repairs.

This bridge was formerly owned by Wayne County, but control was transferred to the City of Gibraltar because the county was no longer able to maintain it. It is a critical structure and main travel artery coming into and out of Gibraltar. It carries the vast majority of all daily vehicular traffic/emergency services and is an essential service

structure critical to the needs and activities for not only the entire community but also for the United States government's Immigration and Customs Enforcement facility. The city has so far been unsuccessful in securing federal grant or MDOT funds for this project. The bridge, per the recent bridge inspection report, is on a critical path toward being taken out of service if repairs or reconstruction are not scheduled immediately.
