The purpose of this legislatively directed spending item is to fund the renewal of body-worn and dash cameras for the Southgate Police Department for 5 more years. The cameras currently in use need replacement, and the City is seeking assistance to purchase new cameras. Body-worn and dash cameras help ensure a high level of transparency and accountability within the Police Department. As an Accredited Police Agency, the Southgate PD is always striving to implement best practices that produce greater levels of safety and trust. The technology to implement these best practices places a strain on the

city budget. The funding would allow the City to continue investing in modern technology that supports public safety, transparency, and community trust. This investment will ensure that officers are equipped with the necessary tools to document interactions, provide crucial evidence, and enhance accountability.
