Overview

The Department of Treasury is the chief fiscal agency of the state and the primary source of advice to the governor on tax and fiscal policy issues. The department's mission is to collect state taxes; to invest, control, and disburse state monies; and to protect the state's credit rating and that of its cities. The department manages one of the nation's largest pension funds, administers revenue sharing, and administers student financial aid programs. It also investigates fraudulent financial activity, provides assistance on all property tax-related issues, and advises issuers of municipal obligations.
