In addition to the CREC estimates, the recommendation assumes beginning FY 2024-25 balances of \$721.6 million GF/GP and \$1,002.7 million SAF.

The executive recommendation also assumes a new tax on vaping and non-tobacco nicotine products starting January 1, 2026, estimated at \$42.75 million and increasing to \$57.0 million annually.

The FY 2025-26 executive budget recommendation includes \$83,521.2 million in adjusted gross appropriations, an increase of \$1,993.0 million, or 2.4%. The table below compares current-year appropriations to the executive proposal.

BUDGET SUMMARY TABLES

The following pages include seven tables summarizing the executive budget recommendation by budget area.

The following should be noted regarding the appropriation amounts in the following tables and throughout the report:

- Some appropriation items in the FY 2024-25 budget are designated as one-time, indicating intent that those items will not be funded in the subsequent budget year in order to maintain a structurally balanced budget. The FY 2025-26 executive budget continues this practice.
- The tables in this document show total appropriation amounts by budget area, including both ongoing items and the items designated as one-time, in order to provide an accurate representation of resources available for expenditure in each budget year by state departments, local units of government, and other entities receiving funds through the state budget.

Major Budget Changes from FY 2024-25 Year-to-Date (YTD) Appropriations

Protecting Michigan's Food Supply

Includes \$5.5 million Gross (\$3.5 million GF/GP) and authorization for 27.0 FTE positions for a new appropriation unit and line item intended to implement proactive biosecurity measures to prevent and reduce the impact of animal disease outbreaks in the livestock industry. Funding and FTEs would be allocated between bureaus internally by the department.

Plant, Soil, and Pest Diagnostics

Includes \$1.6 million GF/GP and authorization for 4.0 FTE positions for a new appropriation unit and line item intended to respond to soil and plant diseases and infestations by increasing testing capacity to provide growers with localized data and expertise to best protect Michigan agriculture. Of the \$1.6 million, \$900,000 is ongoing and would be allocated internally by the department; \$700,000 is one-time for laboratory capital equipment purchases.

Rural Development Grants

Increases grant program funding by \$2.0 million of state restricted rural development fund revenue (from \$2.0 million to \$4.0 million) to expand the Rural Development Grant Program, supporting projects that enhance land-based industries and rural community infrastructure, including job training, childcare, housing, and utilities. The state restricted rural development fund is credited with revenue from a nonferrous metallic minerals extraction severance tax.

Removal of One-Time Funding

Removes \$9.0 million in one-time GF/GP items: Agricultural climate resiliency, (\$5.1 million); Animal disease prevention and response, (\$2.0 million); Animal welfare grants, (\$500,000); Fruit and vegetable prescription program, (\$500,000); Underserved-owned food and agriculture ventures, (\$500,000); Agriculture stewardship study, (\$250,000); Flint farmer's market, (\$150,000).

Economic Adjustments

Reflects increased costs of \$1.3 million Gross (\$765,500 GF/GP) for negotiated salary and wage increases (3.0% on October 1, 2025), actuarially required retirement contributions, worker's compensation, building occupancy charges, rent, and other economic adjustments.

Supplemental Recommendations for FY 2024-25 Appropriations

Food Safety and Quality Assurance

Requests a one-time \$1.0 million increase in spending authority, from the state restricted spending Dairy and Food Safety Fund, for information technology enhancements to MDARD's food inspection regulatory system.

Note: Appropriation figures for all years include all proposed appropriation amounts, including amounts designated as "one-time."

Major Budget Changes from FY 2024-25 Year-to-Date (YTD) Appropriations

Community College Operations Increase

Includes a net increase of \$11.3 million School Aid Fund (SAF) for community college operations, a 3.1% increase when compared to FY 2024-25 ongoing plus one-time operations appropriations. This includes:

- \$14.6 million SAF, or 4.0%, increase to operations grants for community colleges, which would be distributed through the performance funding formula.
- Removal of \$3.6 million SAF one-time operations funding.
- \$207,100 SAF increase based on FY 2023-24 North American Indian Tuition Waiver (ITW) program costs reported by institutions.

Attainment of the performance funding increase would be conditioned on restraining in-district tuition and fee increases to the greater of 4.5% or \$227 (set at 4.5% or \$217 in the current year). Projected funding increases for individual community colleges would range from 2.4% to 4.5%. Total funding for operations would be \$378.2 million SAF

Michigan Public School Employee Retirement System (MPERS) State Share of Unfunded Actuarial Accrued Liability (UAAL) Stabilization Payment

Increases funding by \$27.4 million SAF for the state's share of community colleges' MPERS UAAL, a 44.1% increase. The state's share is the difference between the calculated UAAL contribution to the system and the employer contribution cap of 15.21% of payroll set by the Public School Employees Retirement Act (MCL 38.1341), which was lowered from 20.96% in FY 2024-25. Total funding for the state share of MPERS would be \$89.5 million SAF.

MPERS Normal Cost Offset

Decreases funding by \$2.2 million SAF for the community colleges' MPERS normal cost offset, a 10.1% decrease, due to a lower contribution needed to cover retirement benefits and maintain the assumed rate of return at 6.0%. Total funding for the MPERS normal cost offset would be \$19.6 million SAF.

Removal of One-Time Funding

Removes \$2.0 million Gross (\$500,000 GF/GP) through the removal of three one-time appropriations: Career and Education Navigators for Adult Learners (\$1.2 million SAF); Public-Service-Focused Careers program (\$500,000 GF/GP); and Kalamazoo Valley Community College Internet Accessibility (\$350,000 SAF).
