TOTAL:		**$737,500,000**	**$271,375,000**		**$2,727,773,100**	

Updated 2/13/2025

* The state share amounts reflect the traditional 75% state match, limited to $30.0 million. State share amounts were limited to a maximum of $40 million (2008 PA 278) and then $30 million (2010 PA 329). Universities can increase institutional support to lower the state share amount.

** Based on capital outlay appropriation bill authorizations.

*** Total state funding for capital outlay projects since 1992 compared to other state universities.
