In conformance with Public Act 430 of 2012 (MCL 18.1242)

Prepared by State Budget Office February 5, 2025

## STATE BUDGET OFFICE CAPITAL PROJECT REQUEST EVALUATION CRITERIA

PREREQUISITE:

Based on the information provided in the request, does the project appear eligible for State Building Authority financing? If YES, proceed to scoring. If NO, project will not be scored.

No	Source	Evaluation Criteria	Evaluation Factors	Scoring	Max Points
1	SBO	Clarity of project purpose and scope	Does the request clearly describe the purpose, scope, and program focus of the project?	Low - High	10
2	Statutory	Impact on job creation in this state	To what extent does the project support Michigan's talent enhancement, job creation and economic growth initiatives on a local, regional and/or statewide basis?	Low - High	40
3	SBO	Impact on the core mission and development of critical skill degrees of the institution	To what extent does the project enhance the core (academic, research, or programmatic) mission of the institution and the development of critical skill degrees?	Low - High	40
4	SBO	Impact on equity for the academic programs within project scope and/or institution	To what extent does the project address, incorporate, or enhance any equity efforts, policies, or goals for the academic programs within the scope of the project or as a component of the institution at large?	Low - High	15
5	Statutory	Investment in existing facilities and infrastructure	To what extent does the project support investment in or adaptive repurposing of existing facilities and infrastructure?	Low - High	10
6	Statutory	Life and safety deficiencies	Does the requested project address facility or infrastructure deficiencies that pose a serious threat of injury or death?	Yes or No	N/A
7	Statutory	Occupancy and utilization of existing facilities	To what extent has the institution demonstrated occupancy and effective utilization of existing facilities to merit the capital investment?	Low - High	10
8	Statutory	Integration of sustainable design principles to enhance the efficiency and operations of the facility	To what extent does the project incorporate sustainable design features to enhance the operational efficiency of the facility?	Low - High	10
				Universities:  0 = more than \$40M  5 = \$40M or less  10 = \$30M or less  15 = \$20M or less  20 = \$10M or less	
9	Statutory	Estimated cost	To what extent does the project require state cost participation?  (Based on estimated state cost share.)	Community Colleges: 0 = more than \$20M 5 = \$20M or less 10 = \$15M or less 15 = \$10M or less 20 = \$5M or less	20

No	Source	Evaluation Criteria	Evaluation Factors	Scoring	Max Points
				State Agencies: 0 = more than \$40M 5 = \$40M or less 10 = \$30M or less 15 = \$20M or less 20 = \$10M or less	
10	Statutory	Institutional support*	To what extent is the institution proposing to support the project with its own resources beyond what is typically required?	0 = no over match 1 = 2.5% over match 2 = 5% over match 3 = 7.5% over match 4 = 10% over match 5 = 12.5% over match 6 = 15% over match 7 = 17.5% over match 8 = 20% over match 9 = 22.5% over match 10 = 25% over match	10
11	Statutory	Estimated operating costs	To what extent has the institution identified operating costs and existing resources to support them?	Low - High	10
12	Statutory	Impact on tuition, if any*	To what extent will students be held harmless from the financial costs of the project?	Low - High	10
13	Statutory	History of prior appropriations received by the institution through the capital outlay process*	To what extent have state capital outlay investments in the institution been less relative other peer institutions?	Low - High	10
14	SBO	Is the project focused on a single, stand-alone facility?	Is the project consistent with SBO instructions that only requests for single, stand-alone facilities may be submitted for consideration?	Low - High	10
15	SBO	History of compliance with JCOS and DTMB project requirements	Has the institution been in compliance with statutory and DTMB requirements in all material respects on previously constructed state projects?	Low - High	10

<sup>\*</sup> Not applicable to state agency projects.
