Overview

The Department of Treasury is the chief fiscal agency of the state and the primary source of advice to the governor on tax and fiscal policy issues. The department's mission is to collect state taxes; to invest, control, and disburse state monies; and to protect the state's credit rating and that of its cities. The department manages one of the nation's largest pension funds, administers revenue sharing, and administers student financial aid programs. It also investigates fraudulent financial activity, provides assistance on all property tax-related issues, and advises issuers of municipal obligations. The Bureau of State Lottery, the Michigan Gaming Control Board (MGCB), and the State Building Authority (SBA) are autonomous agencies housed within the department.

Overview

Article VI of the State Constitution of 1963 forms the basis for Michigan's judicial branch of government. The Judiciary budget provides operational funding for the Michigan Supreme Court, the Court of Appeals, the State Appellate Defender Office, and other judicial agencies. The budget funds the salaries of justices of the Supreme Court and judges of the appeals, circuit, probate, and district courts according to constitutional and statutory requirements. Funding assistance for local trial court operations is provided through a variety of grant programs. The largest of these, the Court Equity Fund Reimbursement program, reimburses counties for trial court operations based on a statutory formula that recognizes circuit and probate caseloads and the number of judgeships.

Units within LARA also conduct and adjudicate administrative hearings, oversee rules promulgation, provide support for the Michigan Indigent Defense Commission and the Unarmed Combat Commission, and administer multiple grant programs, including Michigan Indigent Defense Commission grants.

Overview

The state transportation budget supports state and local highway programs, public transportation programs, aeronautics programs, and administration of the Michigan Department of Transportation (MDOT). Historically, two-thirds of the revenue in this budget has come from state restricted revenue, with approximately one-third from federal sources. State-restricted revenue in this budget includes revenue from motor fuel taxes, vehicle registration taxes, and from a \$600.0 million earmark of Income Tax Act revenue. Approximately \$3.7 billion in state restricted revenue is first credited to the Michigan Transportation Fund (MTF) and then distributed in accordance with 1951 PA 51 ("Act 51") to other state transportation funds and programs, including the State Trunkline Fund (STF), the Comprehensive Transportation Fund (CTF), and local road agencies (county road commissions and cities/villages). Revenue from aviation fuel and registration taxes, as well as a portion of Airport Parking Tax revenue, is credited to the State Aeronautics Fund for aeronautics programs.
